**Consumers Digest** ,2001      The Antique Dealer and Collectors' Guide ,1960      **Warman's Arts & Crafts Furniture Price Guide** Mark Moran,2004-08-17 The Arts and Crafts Movement is probably known for the furniture that came from it. Indeed many claim that the furniture from this period was the only truly great product of the era. Now enthusiasts of this popular furniture style can follow the rise of the design movement from its beginnings in mid 19th century England to the major American manufacturers of the 20th century. Warman's Arts & Crafts Furniture Price Guide covers the giants of the designers and manufacturers of the Arts and Crafts furniture: John Ruskin, Charles Rennie Mackintosh, William Morris, the Stickley Brothers, designer Harvey Ellis, Charles Limbert, Elbert Hubbard, and the Roycrofters, Charles Rohlf, and more. Over 1 500 listings include detailed descriptions and pricing for each piece, and more than 1 000 vibrant full color photos convey the functional beauty of the era's furniture.      **Antique Trader Furniture Price Guide** Kyle Husfloen,2008-05-22 *Antique Trader Furniture Price Guide* examines all major styles of American and European furniture from the seventeenth century through the mid twentieth century via a review of beds, benches, cradles, sofas, armories, and more, complete with furniture dating chart, price guide, and more than one thousand color photos.      **Field Guide to American Antique Furniture** Joseph T. Butler, Kathleen Eagen Johnson,1985 Over 1700 of Skibinski's line drawings present a visual approach to the identification of antique furnishings. The book is arranged in chronological sequences: 17th century through the early 20th century, by type of furniture, from tables and settees to desks and bookcases. Butler and Johnson have included some important information for the novice and the experienced collector: the sources of furniture used as models for the illustrations, lists of museums, art galleries, and special displays of outstanding collections of furniture, a selected bibliography, and a glossary of the anatomy of a piece of furniture, and a brief history of the periods of furniture and furniture makers. Highly recommended for public libraries and other subject collections.      *The Shambling Guide to New York City* Mur Lafferty,2024-09-24 A travel writer takes a job with a shady publishing company in New York only to find that she must write a guide to the city for the undead. Because of the disaster that was her last job, Zoe is searching for a fresh start as a travel book editor in the tourist-centric New York City. After stumbling across a seemingly perfect position, though, Zoe is blocked at every turn because of the one thing she can't take off her resume: human.
