Medieval Of Blood:

Medieval - Blood of the Cross K. M. Ashman,2022-03 Medieval Blood Bettina Bildhauer,2006 Publisher Description

Blood Gil Anidjar,2014-04-29 Blood according to Gil Anidjar maps the singular history of Christianity As a category for historical analysis blood can be seen through its literal and metaphorical uses as determining sometimes even defining Western culture politics and social practices and their wide ranging incarnations in nationalism capitalism and law Engaging with a variety of sources Anidjar explores the presence and the absence the making and unmaking of blood in philosophy and medicine law and literature and economic and political thought from ancient Greece to medieval Spain from the Bible to Shakespeare and Melville The prevalence of blood in the social juridical and political organization of the modern West signals that we do not live in a secular age into which religion could return Flowing across multiple boundaries infusing them with violent precepts that we must address blood undoes the presumed oppositions between religion and politics economy and theology and kinship and race It demonstrates that what we think of as modern is in fact imbued with Christianity Christianity Blood fiercely argues must be reconsidered beyond the boundaries of religion alone *Blood, Sex, Malory* David Clark,2011 Blood Matters Bonnie Lander Johnson,Eleanor Decamp,2018-03-26 In late medieval and early modern Europe definitions of blood in medical writing were slippery and changeable blood was at once the red fluid in human veins a humor a substance governing crucial Galenic models of bodily change a waste product a cause of corruption a source of life a medical cure a serum appearing under the guise of all other bodily secretions and after William Harvey s discovery of its circulation the cause of one of the greatest medical controversies of the premodern period Figurative uses of blood are even more difficult to pin down The term appeared in almost every sphere of life and thought running through political theological and familial discourses Blood Matters explores blood as a distinct category of inquiry and draws together scholars who might not otherwise be in conversation Theatrical and medical practice are found to converge in their approaches to the regulation of blood as a source of identity and truth medieval civic life intersects with seventeenth century science and philosophy the concepts of class race gender and sexuality find in the language of blood as many mechanisms for differentiation as for homogeneity and fields as disparate as pedagogical theory alchemy phlebotomy wet nursing and wine production emerge as historically and intellectually analogous The volume s essays are organized within categories derived from medieval and early modern understanding of blood behaviors Circulation Wounds Corruption Proof and Signs and Substances thereby providing the terms through which interdisciplinary and cross period conversations can take place Contributors Helen Barr Katharine Craik Lesel Dawson Eleanor Decamp Frances E Dolan Elisabeth Dutton Margaret Healy Dolly J rgensen Helen King Bonnie Lander Johnson Hester Lees Jeffries Joe Moshenska Tara Nummedal Patricia Parker Ben Parsons Heather Webb Gabriella Zuccolin Blood Will Out Janet Carsten,2013-07-29 Unique in focus and international in scope this book brings together 10 essays about the material metaphorical and symbolic importance of blood An interdisciplinary study that unites the work of

noted historians and anthropologists Incorporates insights from recent work in symbolism kinship studies medical anthropology the anthropology of religion the sociological study of finance and textual analysis Covers topics such as Medieval European conceptions of blood blood and the brain blood and the cultural study of finance and blood types identity and association in twentieth century America **Blood Theology** Eugene F. Rogers (Jr.), Eugene F. Rogers, Jr, 2021-03-25 A recovery and rediscovery of the surprising strangeness of blood in theological especially Christian and civic discourse

Politics and Medievalism (studies) Karl Fugelso, 2020 Essays on the post modern reception and interpretation of the Middle Ages **Blood and Belief** David Biale, 2007-10-23 A wonderful rich and fascinating book and a great read Biale explores the meanings of blood within Jewish and Christian cultures from the blood of the sacrifices of the book of Leviticus to the blood of the Eucharist to the blood of medieval blood libels and the place of blood in Nazi ideology Biale shows that blood symbolism stands at the center of the divide between Judaism and Christianity This book will be the point of departure for all future studies of the subject Shaye J D Cohen Harvard University I know of no other work that through numerous insights and useful distinctions so alerts us to and comprehensively documents the ongoing constitutive role of Christian and anti Semitic perceptions of Jewish existence and the interactions between them Whereas much contemporary historiography has become so specialized that historians have surrendered the larger picture David Biale's panoramic perspective reveals the great value and interest of this work Steven E Aschheim author of *Beyond the Border The German Jewish Legacy Abroad*

Christian Kinship David A. Torrance, 2022-09-22 Ideas of kinship play a significant role in structuring everyday life and yet kinship has been neglected in Christian ethics moral philosophy and bioethics Attention has been paid in these disciplines to the ethics of family but with little regard to the evidence that kinship varies widely from culture to culture suggesting that it is in fact culturally constructed Surveying notions of shared substance e.g. blood ties house gender and personhood as theorised and practiced in the Christian tradition Torrance critiques the special privileging of the blood tie In the place of European and American cultural assumptions to the contrary it is kinship in Christ that is presented as the basis of a truly Christian account for social ties Torrance also aims to stimulate the moral imagination to consider Christian kinship might be lived out in miniature in everyday life *Religious Conversion* Ira Katznelson, Miri Rubin, 2016-04-08 Religious conversion a shift in membership from one community of faith to another can take diverse forms in radically different circumstances As the essays in this volume demonstrate conversion can be protracted or sudden voluntary or coerced small scale or large It may be the result of active missionary efforts instrumental decisions or intellectual or spiritual attraction to a different doctrine and practices In order to investigate these multiple meanings and how they may differ across time and space this collection ranges far and wide across medieval and early modern Europe and beyond From early Christian pilgrims to fifteenth century Ethiopia from the Islamisation of the eastern Mediterranean to Reformation Germany the volume highlights salient features and key concepts that define religious conversion particular the Jewish Muslim and Christian experiences By

probing similarities and variations continuities and fissures the volume also extends the range of conversion to focus on matters less commonly examined such as competition for the meaning of sacred space changes to bodies patterns of gender and the ways conversion has been understood and narrated by actors and observers In so doing it promotes a layered approach that deepens inquiry by identifying and suggesting constellations of elements that both compose particular instances of conversion and help make systematic comparisons possible by indicating how to ask comparable questions of often vastly different situations

The Blood of the Poor Godfrey Blount, 1911 Jewish Blood Mitchell Hart, 2009-06-02 This book provides a multidisciplinary examination of the age old issue of Jewish blood in all its various manifestations both real and imagined It provides historical religious and cultural examples ranging from the Blood Libel through to the poetry of Uri Zvi Greenberg

Blood Anthony Bale, David Feldman, 2016-03-24 Blood is something that all humans share a vital force that courses through our veins the giver of life This book gathers together specially commissioned essays from leading scholars which reflect on the religious historical and medical dimensions of blood Written for a broad audience and illustrated with full colour plates the essays encompass history literature art history religious studies and medical humanities and explore some of the most challenging issues surrounding blood and ritual The themes covered include blood in Christian and Jewish culture medieval antisemitism Shakespeare's Merchant of Venice Jewish ritual blood and race Jews and genes

The Jew's Daughter Efraim Sicher, 2017-05-04 A new approach to thinking about the representation of the Other in Western society The Jew's Daughter A Cultural History of a Conversion Narrative offers an insight into the gendered difference of the Jew Focusing on a popular narrative of The Jew's Daughter which has been overlooked in conventional studies of European anti-Semitism this innovative study looks at canonical and neglected texts which have constructed racialized and sexualized images that persist today in the media and popular culture The book goes back before Shylock and Jessica in The Merchant of Venice and Isaac and Rebecca in Ivanhoe to seek the answers to why the Jewish father is always wicked and ugly while his daughter is invariably desirable and open to conversion The story unfolds in fascinating transformations reflecting changing ideological and social discourses about gender sexuality religion and nation that expose shifting perceptions of inclusion and exclusion of the Other Unlike previous studies of the theme of the Jewess in separate literatures Sicher provides a comparative perspective on the transnational circulation of texts in the historical context of the perception of both Jews and women as marginal or outcasts in society The book draws on examples from the arts history literature folklore and theology to draw a complex picture of the dynamics of Jewish Christian relations in England France Germany and Eastern Europe from 1100 to 2017 In addition the responses of Jewish authors illustrate a dialogue that has not always led to mutual understanding This ground breaking work will provoke questions about the history and present state of prejudiced attitudes in our society

Blood Relations Jenny Bangham, 2020-12-07 Blood is messy dangerous and charged with meaning By following it as it circulates through people and institutions Jenny Bangham explores the intimate

connections between the early infrastructures of blood transfusion and the development of human genetics Focusing on mid twentieth century Britain *Blood Relations* connects histories of eugenics to the local politics of giving blood showing how the exchange of blood carved out networks that made human populations into objects of medical surveillance and scientific research Bangham reveals how biology was transformed by two world wars how scientists have worked to define racial categories and how the practices and rhetoric of public health made genetics into a human science Today genetics is a powerful authority on human health and identity and *Blood Relations* helps us understand how this authority was achieved

Comprehending Antisemitism through the Ages: A Historical Perspective Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism

The Church of the Dead Jennifer Scheper Hughes, 2023-07-11 In 1576 a catastrophic epidemic devastated Indigenous Mexican communities and left the colonial church in ruins With its horrific final symptom of hemorrhage from the nose the unfamiliar disease which the Nahuatl named *cocoliztli* took almost two million lives In the crisis and its immediate aftermath Spanish missionaries and surviving *pueblos de indios* held radically different visions for the future of church in the Americas

Reading Vampire Gothic Through Blood Aspasia Stephanou, 2014-07-17 *Reading Vampire Gothic Through Blood* examines the manifestations of blood and vampires in various texts and contexts It seeks to connect through blood fictional to real life vampires to trace similarities differences and discontinuities These movements will be seen to parallel changing notions about embodiment and identity in culture

Blood Rush Jan Verplaetse, 2020-03-16 As a young man Jan Verplaetse saw a hare suspended from a meat hook skinned and gutted What struck him so forcefully at the time was not the animal itself but the blood gently dripping from its mouth His reaction prompted the start of a quest he undertakes in this book to investigate our fascination with blood the most vital of fluids *Blood Rush* shows how throughout history blood has had the capacity to intoxicate us to the point that we lose ourselves whether in violence through hunting fighting or killing or in the vicarious thrill of watching sporting events horror films or video games Are these feelings physical or in our imagination Where does the magic of blood come from In his deeply researched and provocative narrative Verplaetse moves from antiquity to the present from magic to experimental psychology from philosophy to religion and scientific discoveries to demonstrate why blood at once attracts and repels us
