2008 Credentials Verification Desk Reference Kathy Matzka,2008 The Cadaver King and the Country Dentist Radley Balko,Tucker Carrington,2018-02-27 A shocking and deeply reported account of the persistent plague of institutional racism and junk forensic science in our criminal justice system and its devastating effect on innocent lives After two three year old girls were raped and murdered in rural Mississippi law enforcement pursued and convicted two innocent men Kennedy Brewer and Levon Brooks Together they spent a combined thirty years in prison before finally being exonerated in 2008 Meanwhile the real killer remained free The Cadaver King and the Country Dentist recounts the story of how the criminal justice system allowed this to happen and of how two men Dr Steven Hayne and Dr Michael West built successful careers on the back of that structure For nearly two decades Hayne a medical examiner performed the vast majority of Mississippi s autopsies while his friend Dr West a local dentist pitched himself as a forensic jack of all trades Together they became the go to experts for prosecutors and helped put countless Mississippians in prison But then some of those convictions began to fall apart Here Radley Balko and Tucker Carrington tell the haunting story of how the courts and Mississippi s death investigation system a relic of the Jim Crow era failed to deliver justice for its citizens The authors argue that bad forensics structural racism and institutional failures are at fault raising sobering questions about our ability and willingness to address these crucial issues
