Dare to Dream Karen Offord, 2014-07 When we are alone our shields can come down We no longer need to hide behind the many masks we wear We don't have to waste energy hiding our flaws from others But in the apparent safety of that solitude there lurks a trap Too many of us choose to focus on past traumas and dramas It's easy to get trapped by the regrets pains and failures of the past and fears of what disappointments may await in the future Why do we

choose to allow what has happened and what may happen to destroy any hope of a happy life today There is a way to escape this negative unproductive and self destructive way of life and you won't believe how much your life will change when you decide you've had enough of being your own worst enemy Dare to Dream Your Journey of a Lifetime focuses on developing the most important and valuable relationship you will ever have the relationship you have with yourself When you can embrace yourself you can embrace others When you can forgive yourself you can forgive others When you can accept yourself you can accept others When you can love yourself you can love others Throughout Dare to Dream you will find simple truths tools techniques and resources to start living an authentic life you can love starting right now authentically One step at a time each step consciously leads you in the direction you choose to go with love and with joy **Jump...And Your Life Will Appear** Nancy Levin,2014-04-15 Are you ready to make changes in your life but feel something is holding you back Is your soul asking you to take a leap but you're too afraid to take it Are you ready for something new but aren't sure where to start If this sounds like you the book you hold in your hands will give you the courage and faith you need to jump across the threshold from where you are to where you want to be Jump And Your Life Will Appear is a step by step guide to clearing the path ahead so you can let go and make the change you need the most With a series of effective exercises coach and author Nancy Levin will walk you through your fear usher you up to the moment of jumping and help you navigate what awaits on the other side Whether you want to switch careers move to a different part of the world set boundaries with someone in your life or increase your capacity for self love Jump And Your Life Will Appear will support you on a practical path from start to finish **Dark Days for White Knights** Dick Jackson,2013-05-08 Dark Days for White Knights is the story of one Veteran's loss of innocence and his sojourn down a lonely corridor a chronicle of his quest to recover something of what he lost in Vietnam Combat veterans of every war and from every nation have been scarred by the atrocities of war However because of the rotation system implemented during the Vietnam War the veterans of Vietnam straggled home one by one to be scattered across an increasingly hostile America America seemed as foreign as Vietnam had once been but these were no longer the boys who had dreamed of serving America The dreams of many had died in the soul sucking mud of fetid rice paddies There are many novels about Vietnam most of which highlight heroic actions in combat Heroes are a part of all wars and their stories are exciting and important Vietnam was no exception The devotion the warriors shared for one another spawned many heroic actions but perhaps the important lessons from Vietnam were about personal responsibility misplaced trust and the ultimate cost of survival In that light Dark Days for White Knights is a unique perspective on a still controversial time in American history **Trust** Iyanla Vanzant,2017-06-13 Learning to trust is one of life's most difficult lessons That's because trust is not a verb it's a noun But what if the real problem is not that we can't trust other people it's that we can't trust ourselves In this compelling volume filled with illuminating and heartrendingly powerful stories of broken trust betrayal and triumph Iyanla demonstrates why the four essential trusts Trust in Self Trust in God Trust in Others and Trust in Life are

like oxygen without them none of us can survive Mastering these four essential trusts requires both a process and a practice Life gives you the process through your experiences people provide you the opportunity to practice Iyanla explores what trust really is and reveals why some of the most shocking trust violations offer us profound opportunities for personal growth and healing Her pragmatic trust prescriptions rooted in self awareness intuition communication and spiritual practice will challenge you to face your deepest fears and free you to cultivate new levels of increased authenticity greater resilience renewed peace and joy
