Nandita and Ramesh,2016-04-01 This collection of stories is a work of fiction which however depicts the reality of life in India The author has highlighted what she feels are facets of Indian life which are blots on our national character She hopes that these stories will influence the readers to fight against the evils of our society which are not intrinsic but have been created by greedy corrupt and immoral people The Eleventh Avatar brings out the changes and transformations of Indian society as seen through the eyes of Lord Vishnu as he journeys through the erstwhile Bharatha Desham after a span of few thousands of years It talks about his delight at some of the positive changes and at the same time his sorrow at the degradation of the

moral fibre of the Indian society The Girl on a Cycle is a romantic story where the author brings out her conviction that the most important emotion is kindness Every act of kindness has ripple effects If kindness becomes the norm rather than the exception then we could bid adieu to strife
