data on credits earned and demographics for 1998, 1994, 1990, 1987, and 1982 high school graduates , , *Cognitive Remediation of Executive and Adaptive Deficits in Youth (C-READY)* Donna L. Murdaugh, Kathleen M. O'Toole, Tricia Z. King, 2023 In order to best understand the impact an intervention can have on pediatric patients a basic understanding of both brain development and brain injury are necessary Initial theories of brain injury proposed an advantage of early age suggesting greater plasticity of the brain However growing literature supports the contrasting heuristic provided by Maureen Dennis 1 This widely accepted theory emphasizes the increased vulnerability of the developing brain Instead of focusing solely on the age of the child at brain injury to illustrate the vulnerability of the brain Dennis recommends examining the extent to which a skill is developed at the time of injury *Inclusive Education : Practices and Challenges* Dr. Deepa Sikand Kauts, 2021-09-11 This book is an attempt to create awareness among practitioners and to strengthen the focus on inclusion in their strategies and future plans for education and highlight the areas that need particular attention to promote inclusive education and strengthen policy development With this we would move a step further and look into the current research trends in inclusive education as well as policy backdrops which provide us with the fair idea that how this idea of equity pedagogy is being propagated in the national educational policies of our country and further their translations in the Indian education realm Papers compiled exhibit major concerns issues challenges and various practices for ensuring inclusion and inclusive pedagogical strategies for effective inclusive education The researchers have also taken into account the social cultural and learning diversities and the factors that facilitate to spot and remove barriers to learning and participation in education It has the power to widen the scope of universal education by promoting access to all learners and accelerating educational equity too This book also focuses on how stakeholders can contribute to the continuous growth of inclusive education and its implications for society communities schools and classrooms as well to provide clarity on theoretical and research perspectives to promote the integration of theory and practice of inclusive education The volume will be highly beneficial for teachers parents policymakers administrators and students who care about the needs of the learners and the development of an equitable education system in our country **Handbook of Multicultural School Psychology** Emilia C.
