

### 3.2 Reading topographic maps

- Vertical view of a place (like the area south of King William's Town illustrated on the following page).
- Three types of symbols are evident – point, line and area symbols.
- Areas can be regular – such as rectangles (for instance, cultivated fields), triangles or circles. Or they can be irregular (for instance, dams have varying shapes).

### **Global Perspectives on Changing Secondhand Economies**

Karen Tranberg Hansen, Jennifer Le Zotte, 2022-02-23 Providing interdisciplinary and global perspectives this book examines historical and contemporary changes in secondhand economies including the emergence and specialization of secondhand venues the materials involved as well as the cultural significance of secondhand things and the professions associated with them The objects in focus range from used clothing scrap and waste materials to antiques and used cars thrift stores and circular economies Growing concerns with sustainability in the West have helped bring about the rediscovery of practices of clothing re use re purposing and re cycling at the same time as major high street retailers are establishing programs to return used clothing to their stores for re sale or recycling As the contributions to this edited volume demonstrate recent concerns with the fast pace and adverse effects of global commodity flows have increased the scholarly attention to secondhand economies both in terms of their history and their significance for livelihoods and sustainability The chapters in this book were originally published as a special issue of the journal Business History [More Memories and More Knowledge of My Family and Me](#) James E. Daughtridge, 2020-01-06 My book is about everything that I know about my family both about my mother's and father's side of the family in addition to my interactions towards or with each of them I was inspired by a late great maternal uncle to pursue such a project First I re collected everything that I could about various family members It was simply a matter of thinking about what I know and what I could jot down on paper in the comfortable setting of my home or automobiles I conducted a vast number of interviews from members of each side of the family This was after I organized a family tree and decided to proceed from that Those interviews led me to further interviews Wherever and whenever I could I got many telephone numbers and e mail addresses Sometimes I researched the Internet when given information about their affiliations or personal pursuits I utilized other sources in addition to interviews Some sources included obituaries books magazines newspaper articles and just plain statistics regarding whatever endeavors they had such as with my only child Pursuing this type of manuscript required hard work devotion and perseverance This book serves as an encouragement to others to do family research and record whatever they find One should only seek the positive and sidestep the negative One derives a great deal of joy and satisfaction from engaging in such a project This work is a reflection of you and how you see things in the lenses of your life I hope that many who read this book take it upon themselves to do the same as I have done Doing this work was truly a joy and a blessing
