must train up a child in the way he should go so that when he is old he will not depart from it Proverbs 22:6 Many parents and homes are suffering today as a result of neglect and failure to train up their children when they were young as the scripture said In view of this many parents have been asking where have we gone wrong or what have we not done for our children that make some of them behave the way they are behaving today i.e. being stubborn rude arrogant and harmful to their parents and society This book is an educative and informative guide to parents The author of this family companion has succeeded at x-raying the fundamentals and essential requirements for child upbringing It is very difficult to go through this little but great book without being sorry for your past mistakes and failures Many parents have ignorantly sent their children into the waiting arms of destroyers as they thought their problems were too hard to manage and this has made many children to send their parents to their untimely grave as they also confess that their parents contributed to their present state of moral failure In this book titled *Christian parenting* you will see some qualities or ingredients you will add in training your children By God's grace you will see certain things you think does not matter but matter a lot in child training You will also see things to avoid and things to do in training your children How to pray for your children more effectively how to care for babies knowing the psychology and techniques used in handling them This book is written to help families young people churches and the society at large in their contributions and what they ought to do in training a child I pray that this book through God will bring answer to the question How to handle a stubborn child in Jesus name Amen

Christian Parenting David P. Setran, 2022-06-21 What can the past teach us about what it means to be a good Christian parent today Today s parenting guidance can sometimes feel timeless and inviolable especially when it comes to the spiritual formation of children in Christian households But even in the recent past parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged In this illuminating historical study David Setran catalogs the varying ways American Protestants envisioned the task of childrearing in the seventeenth eighteenth and nineteenth centuries Comparing two main historical time periods the colonial era and the Victorian era Setran uncovers common threads opposing viewpoints and the cultural and religious influences behind the dominant parenting postures of each era The implications of his findings matter for today s big questions about parenting Should children be viewed as basically good in need of protection from corruption or as fundamentally sinful in need of moral correction How should parents address misbehavior Should a parent s primary role be that of teacher disciplinarian or nurturer What importance should be attributed to devotions and prayer church involvement Sabbath keeping home decorating and fun family activities What consideration should be given to gender Should boys and girls be raised differently Do mothers and fathers have essentially different responsibilities As he surveys these historical perspectives Setran reflects on the legacy and future of Christian parenting concluding that the Protestant heritage encourages the importance of intentional devotional practices the development of close parent child bonds and the creation of godly household environments In the end he argues that all of these historical values are critical to the full expression of Christian parental love This is a love that teaches because it wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God s love that models Christlike sacrifice and guides children into the arms of their Creator
