Introduction

Mental health and mental illness are described as two extreme end positions on a continuum, with many varying degrees between mental health and mental illness.

Mental illnesses within a transcultural nursing perspective, exploring how culture influences the way in which we interpret and behave with mental illnesses. The goal of this chapter is to help nurses gain the necessary knowledge and skills to improve the mental health and well-being of clients from all cultural backgrounds. As culture strongly influences how clients experience illness, and culture is the framework for the interpretation of that experience, transcultural mental health nursing knowledge is integral for culturally competent mental health care.
