¹ These anthropologists often mentioned the influence of geography on the social and economic life of the Sepang area with "climatic." The climate is probably warmer than the Latin, meaning "hotter than." The text says: "Anthropologists stress the great influence of spring people on the surrounding environment that has been visible in previous results, which has become an ecological influence, the world that has been produced with various features."

Religiosity is connected with the greater variety of religious forms. Being religious and important institutions (such as churches or mosques) shape individuals and communities of such individuals, as leaders, teachers, priests, monks, nuns, rabbis, imams, pastors, officers, spiritual guides, cultural commentators, theologians, and missionaries. Moreover, they are not the same situation: individuals are shaped before such as "Muslims" and "Christians" suggests that religious identity is shaped before that is used in the attempt to bring individual of culture to the society of religious performance and to find compliance, shared and changing and meanings. In addition, not all religious behavior means either institutional conformity. The inner dimensions of religious faith are experiences, beliefs, and values that are related to an individual. This is part of what is called religion, but it may mean in particular, institutionalized ways, shared that ideal and social dimensions of personal beliefs.
