

PIPEFITTERS' TRAINING FUND, LOCAL UNION 597

10850 W. 187th Street, Mokena, IL 60448 708.326.9240 TRAINING@PFTF597.ORG

Apprentice Application Process

Apprentice applications are available by registering on-line at www.pftf597.org for an in-person application session.

On-Line registrations will open on the **FIRST** Wednesday of each month.

In person applications will be scheduled for the **SECOND** Wednesday of each month at: Pipe Fitters' Training Center Local Union 597,

10850 W. 187th St. Mokena IL. 60448 (North Side Entrance)

Requirements: An Applicant will be issued an application upon arrival at the Training Center by fulfilling the requirements below:

1. Complete the online reservation form for an application date and time.
Link below.
2. In Person Applicants must provide the following on Application Day:
 - \$20.00 non-refundable application fee. (HVAC or Building Trades) (Cash or Money Order only, NO personal checks)
 - Copy of birth certificate.
 - Copy of high school diploma or GED certificate.
 - A High school senior may apply with a letter from the school stating they are on track to graduate.
 - Copy of Valid driver's license for the state in which you reside.

Pipe Fitters' Local Union 597 utilizes a third-party testing company to perform aptitude testing. The company provides a study guide for a fee of \$20.00. An applicant may purchase this at the Training Center at the time of application or send in a purchase order form to the testing company which is provided with the application. An applicant is required to complete the application on site.

Registration Link - <https://www.pftf597.org/application-reservation/>

If you have any questions about the application process, please contact the Admissions Director, Adam Sutter at (708) 326-9240 x2239, or via e-mail at asutter@pftf597.org.

An Age of Accountability John L. Rury, 2023-10-13 An Age of Accountability highlights the role of test based accountability as a policy framework in American education from 1970 to 2020 For more than half a century the quest to hold schools and educators accountable for academic achievement has relied almost exclusively on standardized assessment The theory of change embedded in almost all test based accountability programs held that assessment with stipulated consequences could lead to major improvements in schools This was accomplished politically by proclaiming lofty goals of attaining universal proficiency and closing achievement gaps which repeatedly failed to materialize But even after very clear disappointments no other policy framework has emerged to challenge its hegemony The American public today has little confidence in institutions to improve the quality of goods and services they provide especially in the public sector As a consequence many Americans continue to believe that accountability remains a vital necessity even if educators and policy scholars disagree

Financial Valuation Workbook James R. Hitchner, Michael J. Mard, 2011-03-10 The resource that cuts the learning curve in half for valuation professionals

Now valuation professionals can master almost every function for most valuation situations The Financial Valuation Workbook Third Edition guides readers through a complete business valuation with essential tools for quick reference Updated and expanded chapter on The Process of Preparing a Valuation Client Workflow Procedures from initial phone call to delivery of the report Expanded case study and exercises with solutions and explanations Over 300 exercises organized by major areas to increase the learning process This Workbook is organized by standard easily identifiable sections that allow for easy reference by all professionals

Numerical and Evolutionary Optimization 2018 Adriana Lara, Marcela Quiroz, Efrén Mezura-Montes, Oliver Schütze, 2019-11-19 This book was established after the 6th International Workshop on Numerical and Evolutionary Optimization NEO representing a collection of papers on the intersection of the two research areas covered at this workshop numerical optimization and evolutionary search techniques While focusing on the design of fast and reliable methods lying across these two paradigms the resulting techniques are strongly applicable to a broad class of real world problems such as pattern recognition routing energy lines of production prediction and modeling among others This volume is intended to serve as a useful reference for mathematicians engineers and computer scientists to explore current issues and solutions emerging from these mathematical and computational methods and their applications

The Software Finder, 1983

Education Reform and the Concept of Good Teaching Derek Gottlieb, 2014-08-27 In an effort to address the problems confronting the American education system the Obama administration has issued structural and systematic reforms such as Race to the Top These initiatives introduce new statistics and accountability systems to gauge what constitutes good teaching both from an administrative standpoint and the perspective of teacher training programs This volume offers a direct critique of this approach concluding that it does not respond adequately to the issues of education reform but rather raises new problems and actively stymies progress The author argues that at the heart of the confusion lies a misguided and rationalistic view of teaching and learning He draws on the philosophical strategies of Ludwig Wittgenstein to break down the guiding assumptions of Race to the Top allowing both the positive and the negative aspects of the policies to be heard The author then proposes a different view of teaching and learning which considers how to effectively address the problems Race to the Top seeks to confront

Handbook of Psychology, Research Methods in Psychology Irving B. Weiner, John A. Schinka, Wayne F. Velicer, 2012-10-23 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do This award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field This ten year revision now covers discoveries based in neuroscience clinical psychology's new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology
