This landmark book drawn from the world renowned collection of the Colonial Williamsburg Foundation highlights the splendor and craft of quilts with more than 300 superb color images and details. Fascinating essays by two noted scholars trace the evolution of quilting styles and trends as they relate to the social, political, and economic issues of their time. The collection includes quilts made by diverse religious and cultural groups over 400 years and across continents from the Mediterranean, England, France, America, and Polynesia. The earliest quilts were made in India and the Mediterranean for export to the west and date to the late 16th century.
