Serving Library Users from Asia John Hickok,2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e.g

disabled Latino seniors etc few books on serving library users of Asian heritage have been written Thus the timely need for this book Rather than a generalized overview of Asians as a whole this book has 24 separate chapters each on 24 specific Asian countries cultures of East Southeast and South Asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture Resources include cultural guides both print and online language helps with sample library vocabulary Asian booksellers nationwide cultural groups professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author s 15 years of research and travels to Asia this work is a must have for all librarians *Recreational Disturbance of Shorebirds in Tropical Asia* Priyan Perera, Sumudu Marasinghe, Greg D. Simpson, David Newsome, 2022-09-16 Much of that growing demand for coastal recreation and tourism has focused on countries in South and Southeast Asia in the tourism megaregion that this book refers to as Tropical Asia As such the recreational disturbance of shorebirds in Asia is a serious conservation issue at a time when populations of both migratory and non migratory species of shorebirds are threatened and declining because of the loss of coastal habitat and increased human disturbance Despite global awareness about the impacts that the growth of coastal recreation and tourism across Tropical Asia is likely to be having on threatened and endangered migratory and resident shorebird species of the coastal zones of the East Asian Australasian Flyway less than 3% of the published peer reviewed research into the recreational disturbance of shorebirds addresses coastal zones of Tropical Asia This situation points to a significant knowledge gap regarding the impacts of human recreation on shorebirds in the Tropical Asian region In contrast almost three quarters of the peer reviewed articles that report recreational disturbance research and management strategies focus on coastal zones in North America 36% Oceania 20% and Europe 20% For those reasons the quantitative systematic literature review and research case study from Sri Lanka reported in this book provide a call to action and recommendations for both management approaches grounded in the international literature and a research agenda that should be implemented in the coastal zones of Tropical Asia **Travel with Children** Lonely Planet, 2015-07-01 This updated version of Travel With Children offers you the most comprehensive advice for taking your family on the road and now adds hundreds of destination ideas backed up by great photography and practical itineraries Assembled by Lonely Planet s team of travel savvy parent experts family travellers can rely on insights and advice on choosing the right trip
