Gold,Larry A. Green,2018-11-01 This book provides an evidence based guide for primary care physicians seeking to integrate behavioral health into their practice This is grounded in the underlying notion that integrating behavioral health and primary care is not an adjustment to practice but a reconstruction of how primary health care is defined and delivered While some aspects billing and financing will be specific to the policy context in the United States much of the book will contain universal lessons for an approach to integration from a primary care perspective that may be relevant across the globe This guide is organized to follow a comprehensive approach derived from lessons learned by early adopters of integration Dividing the book in this manner creates a unique and natural flow from the why of integrating care

to a step by step approach to achieve integration in a practice The book includes the case for why integrating behavioral health is important what integration looks like in practice and how to transform a practice and grow a team of clinicians to work together to address mental emotional and behavioral problems Each chapter starts with a short preamble to introduce the stage of integration Each chapter and subchapter would end with a summary box of key messages and a short list of resources articles websites etc for further information for each topic Where relevant chapters additionally include a brief section on application for specific populations pediatrics geriatrics etc This is an ideal guide for primary care physicians and their medical and administrative teams interested in integrating behavioral health in their practice *Insurance Handbook for the Medical Office - E-Book* Marilyn Fordney,2015-12-08 Stay up on the latest in insurance billing and coding with Marilyn Fordney s Insurance Handbook for the Medical Office 14th Edition Trusted for more than 30 years this market leading handbook equips you to succeed as medical insurance specialist in any of today s outpatient settings Coverage emphasizes the role of the medical insurance specialist in areas such as diagnostic coding procedural coding Medicare HIPAA and bill collection strategies As with previous editions all the plans that are most commonly encountered in clinics and physicians offices are incorporated into the text as well as icons for different types of payers lists of key abbreviations and numerous practice exercises that assist you in accurately filling out claim forms This new edition also features expanded coverage of ICD 10 electronic medical records electronic claims submission and the HIPAA 5010 keeping you one step ahead of the latest practices and protocols of the profession Key terms are defined and emphasized throughout the text to reinforce understanding of new concepts and terminology Separate chapter on HIPAA Compliance in Insurance Billing as well as Compliance Alerts throughout the text highlights important HIPAA compliance issues to ensure readers are compliant with the latest regulations Emphasis on the business of running a medical office and the importance of the medical insurance specialist details the importance of the medical insurance specialist in the business of the medical office Increased focus on electronic filing claims submission prepares readers for the industry wide transition to electronic claims submission Separate chapter on documentation in the medical office covers the principles of medical documentation and the rationales for it Service to Patient features in most chapters offer examples of good customer service User resources on the Evolve companion website feature performance checklists self assessment quizzes the Student Software Challenge with cases on different payer types and an interactive CMS 1500 02 12 form to fill in NEW Expanded coverage of ICD 10 prepares users to code ICD 10 with the planned effective date of October 2015 NEW Added information on the electronic medical record and electronic claims submission including information on the HIPAA 5010 equips users for the transition between paper and electronic methods of medical records and links the CMS 1500 02 12 form to the electronic submissions process NEW SimChart for the Medical Office SCMO application activities on the companion Evolve website adds additional functionality to the insurance module on the SCMO roadmap   Evidence-Based Physical Examination Kate Gawlik,Bernadette Mazurek
