## **Medicare Documentation Guidelines For Skilled Nursing Facilities:**

**Documentation and Reimbursement for Speech-Language Pathologists** Nancy Swigert, 2024-06-01 Although it is the least noticed by patients effective documentation is one of the most critical skills that speech language pathologists must learn With that in mind Documentation and Reimbursement for Speech Language Pathologists Principles and Practice provides a comprehensive guide to documentation coding and reimbursement across all work settings The text begins with section 1 covering the importance of documentation and the basic rules both ethical and legal followed by an exploration of the various documentation forms and formats Also included are tips on how to use electronic health records as well as different coding systems for diagnosis and for procedures with an emphasis on the link between coding reimbursement and the documentation to support reimbursement Section 2 explains the importance of focusing on function in patient centered care with the ICF as the conceptual model then goes on to cover each of the types of services speech language pathologists provide evaluation treatment planning therapy and discharge planning Multiple examples of forms and formats are given for each In section 3 Nancy Swigert and her expert team of contributors dedicate each chapter to a work setting in which speech language pathologists might work whether adult or pediatric because each setting has its own set of documentation and reimbursement challenges And since client documentation is not the only kind of writing done by speech language pathologists a separate chapter on other professional writing includes information on how to write correspondence avoid common mistakes and even prepare effective PowerPoint presentations Each chapter in Documentation and Reimbursement for Speech Language Pathologists contains activities to apply information learned in that chapter as well as review questions for students to test their knowledge Customizable samples of many types of forms and reports are also available Included with the text are online supplemental materials for faculty use in the classroom Documentation and Reimbursement for Speech Language Pathologists Principles and Practice is the perfect text for speech language pathology students to learn these vital skills but it will also provide clinical supervisors new clinicians and speech language pathologists starting a private practice or managing a department with essential information about documentation coding and reimbursement

Manual of Nursing Home Practice for Psychiatrists American Psychiatric Association, 2008-11-01 The shifting demographic toward a graying population coupled with today's reality of managed care makes the need for high quality cost effective psychiatric services within the nursing care setting more urgent than ever As we increase the number of our years it is also imperative that we enhance the quality of those years The product of the American Psychiatric Association's APA's Council on Aging and its Committee on Long Term Care and of the Elderly the Manual of Nursing Home Practice for Psychiatrists stands out because it focuses on the how not the why of nursing home care Of exceptional importance is its detailed discussion of the Minimum Data Set MDS a structured assessment required by both Medicare and Medicaid for all residents of skilled nursing facilities Divided into six sections this how to volume contains practical

information readers can use right away from getting reimbursed by insurance companies to handling nursing facility politics Clinical History evaluation and management of psychiatric problems in long term care patients an overview of the MDS sexuality within the nursing home care setting Regulatory Introduction to the Nursing Home Reform Act of 1987 part of OBRA 87 and its implications for psychiatric care details about the Resident Assessment Instrument RAI which includes the MDS the Resident Assessment Protocols RAPs and Utilization Guides specified in the State Operations Manual SOP Financial Documentation reimbursement and coding what to look for when contracting with nursing homes Legal and ethical The dehumanizing effect of diagnostic labels and the ethical issues inherent in regulating daily schedules e g bed meal and bath times nursing home placement competence and decision making ability comfort care for end stage dementia coping with Alzheimer s disease and the role of caregivers Summary and Future Perspectives A detailed vision about how psychiatrists can improve the diagnosis and treatment of nursing home patients Appendixes and bibliography Staffing recommendations and assessment instruments Edited by a distinguished authority and former chair of the APA s Committee on Long Term Care and Treatment of the Elderly this comprehensive volume will appeal to a wide audience of professionals from general psychiatrists nurse practitioners and clinical nurse specialists to primary care physicians and residents
