ground up Don't just dip your toes, dive in and start making waves today **Bar Tips** Neil Rogers, 2023-04-18 Are you a young person struggling to find your footing and direction? Are you thinking about a job change and considering sales? Are you currently a salesperson looking to get to the next level? Ready for simple, easy, free concepts available to grow your business? During the pandemic lockdowns, I reached out to long-time friends. One day I checked in with a friend who, after fully recovering from surgery to save his life, wrote a book on his experience and recovery philosophy. I was stunned by the transformation of the old to the new Terry. When he encouraged me to write a book, I said, "What do I have to say?" Terry encouraged me that everyone has a story to tell. I discovered writings from my youth and more recent materials for business. Then I realized that my days spent in the hospitality business, especially behind the bar, related to the sales success that I had achieved. Hence, I began drafting *Bar Tips*. At the same time as I was speaking to Terry and making progress on the book, I was mentoring a young man, Joe, who had a story like mine at his age. We worked through many of the topics explored in this book. Happy to say, Joe got a great job and is marrying a lovely woman. I like to think my simple processes helped him on his journey. I believe *Bar Tips* will be of service to you. This framework of basic concepts and simple language for you to quickly adapt to your activities through incremental changes in behavior and methodology to improve desired results is a roadmap for success.

Business Development For Dummies Anna Kennedy, 2015-04-20 Growing a small business requires more than just sales. *Business Development For Dummies* helps maximise the growth of small or medium-sized businesses with a step-by-step model for business development designed specifically for B2B or B2C service firms. By mapping business development to customer life cycle, this book helps owners and managers ensure a focus on growth through effective customer nurturing and management. It's not just sales. In-depth coverage also includes strategy, marketing, client management, and partnerships, alliances helping you develop robust business practices that can be used every day. You'll learn how to structure, organise, and execute an effective development plan with step-by-step expert guidance. Realising that you can't just hire a sales guy and expect immediate results is one of the toughest lessons small business CEOs have to learn. Developing a business is about more than just gaining customers; it's about integrating every facet of your business in an overarching strategy that continually works toward growth. *Business Development For Dummies* provides a model and teaches you what you need to know to make it work for your business. Learn the core concepts of business development and how it differs from sales. Build a practical step-by-step business development strategy. Incorporate marketing, sales, and customer management in general planning. Develop and implement a growth-enhancing partnership strategy. Recognising that business development is much more than just sales is the first important step to sustained growth. Development should be daily, not just when business starts to tail off or you fall into a cycle of growth and regression. Plan for growth and make it stick. *Business Development For Dummies* shows you how.
