Speakers' Corner (p. 77)

(Suggested answers)

Cabin pressure can cause discomfort to the tubes in the ears as well as the eardrums. Stitches from surgery may even burst.

Nervousness may result in a passenger feeling breathless.

Lack of movement: Being still or cramped can lead to blood clots in the legs. This can be dangerous if a blood clot reaches the lungs.

When travelling through different **time zones**, the passenger may feel tired and experience jetlag.

My favourite way of travelling is by train because I can relax and watch the scenery outside.

expense - these days it can be expensive to travel because travelling by plane is costly, whereas in the past means of transport were cheaper, except for luxury trains and cruise ships, which were costly even back then.

speed - in modern times, it is much faster to travel by plane; there are even trains and ferries which travel faster than traditional or ordinary trains/boats. However, in the past it could take days or even weeks to reach a destination which today can be reached within a few hours.

convenience - modern ways of travelling are quicker and easier than traditional ones. For example, it's so much easier to travel by jet plane rather than a steam train.
