Huber, Nancy Cutler, Melissa Bingmann, Tim Grove, 2017-08-09 The Museum Educator's Manual addresses the role museum educators play in today's museums from an experience based perspective Seasoned museum educators author each chapter emphasizing key programs along with case studies that provide successful examples and demonstrate a practical foundation for the daily operations of a museum education department no matter how small The book covers volunteer and docent management and training exhibit development program and event design and implementation working with families seniors and teens collaborating with schools and other institutions and funding This second edition interweaves technology into every aspect of the manual and includes two entirely new chapters one on Museums An Educational Resource for Schools and another on Active Learning in Museums With invaluable checklists schedules organizational charts program examples and other how to documents included throughout The Museum Educator's Manual is a must have book for any museum educator *The Robert E. Lee Family Cooking and Housekeeping Book* Anne Carter Zimmer, 2009-09-05 Based on Mrs Lee's personal notebook and presented by her great granddaughter this charming book is a treasury of recipes remedies and household history Both the original and modern versions of 70 recipes are included *Anarchist's Guide to Historic House Museums* Franklin D Vagnone, Deborah E Ryan, 2016-07-01 In these days of an aging traditional audience shrinking attendance tightened budgets increased competition and exponential growth in new types of communication methods America's house museums need to take bold steps and expand their overall purpose beyond those of the traditional museum They need not only to engage the communities surrounding them but also to collaborate with visitors on the type and quality of experience they provide This book is a groundbreaking manifesto that calls for the establishment of a more inclusive visitor centered paradigm based on the shared experience of human habitation It draws inspiration from film theater public art and urban design to transform historic house museums while providing a how to guide for making historic house museums sustainable through five primary themes communicating with the surrounding community engaging the community re imagining the visitor experience celebrating the detritus of human habitation and acknowledging the illusion of the shelter's authenticity Anarchist's Guide to Historic House Museums offers a wry but informed rule breaking perspective from authors with years of experience and gives numerous vivid examples of both good and not so good practices from house museums in the U S *Old-House Journal*, 2005-03 Old House Journal is the original magazine devoted to restoring and preserving old houses For more than 35 years our mission has been to help old house owners repair restore update and decorate buildings of every age and architectural style Each issue explores hands on restoration techniques practical architectural guidelines historical overviews and homeowner stories all in a trusted authoritative voice **The Manual of Museum Learning** Brad King, Barry Lord, 2015-12-15 Museum learning is a vital component of the lifelong learning process In this new edition of The Manual of

Museum Learning leading museum education professionals offer practical advice for creating successful learning experiences in museums and related institutions such as galleries zoos and botanic gardens that can attract and intrigue diverse audiences The original Manual of Museum Learning was published in 2007 The editors have totally rethought this new edition This second edition focuses on the ways museum staffs and the departments for which they work can facilitate the experience in a way that capitalizes on their individual institutional strengths The goal of this new edition is to provide museums with guidance in developing a strategic approach to their learning programs There is a close connection between institution wide strategic planning where an institution decides what course and direction it will take for a five to seven year period and its approach to museum learning One size does not fit all and what each museum is or aspires to be will affect its individual approach Thus there are many routes for museums to take many alternative ways for them to play this role No one museum can be all things to all prospective learners they will be better suited to some approaches than to others This new edition identifies these approaches and enables museums to find the paths for which they are individually best suited to help them identify their own unique approaches to facilitating museum learning Each one s mission and vision its relationships with institutional and public stakeholders local cultural and market factors its individual collection and programmatic strengths its financial position all of these things matter This second edition aims to help each museum find the right approach to learning for its unique situation by showing them the range of museum personalities in terms of their being learning institutions what constitutes each type and what the implications are of choosing one or another approach for a particular museum A major theme of the 2nd edition of The Manual of Museum Learning is museum as connector the ways in which museums are facilitating self directed learning by connecting people with resources Not all will connect audiences with learning vehicles in the same way If museum learning is affective learning then it is the role of the museum to connect its visitors program participants and others who benefit from its knowledge to the learning resources that best suit the institution s strengths and matches them to the learning needs of the museum s audiences By connecting users to the resources they are most interested in or which best suit each individual s particular learning styles museums are at their best when they empower individuals to design their own learning experience in ways that resonate best with each individual

An Honest Enemy Paul Magid,2020-04-23 Over the course of his military career George Crook developed empathy and admiration for American Indians both as foes and as allies As Paul Magid has demonstrated in the previous two volumes of his groundbreaking biography this experience prepared Crook well for his metamorphosis from Indian fighter to outspoken

advocate of Indian rights *An Honest Enemy* is the third and final volume of Magid's account of George Crook's life and involvement in the Indian wars Using rarely tapped information including Crook's own diaries the work documents in dramatic detail the general's arduous and dangerous campaigns against the Chiricahua Apaches and their leader Geronimo action that forms a backdrop to the transformation in the general's role vis vis Native Americans In a story by turns harrowing and tragic Magid details the plight of Indians who in the aftermath of their defeat were consigned to reservations too barren to sustain them where they were subjected to impoverishment indifference and in many cases outright corruption With growing anger Crook watched as many tribes faced death from starvation and disease and unwilling to passively accept their fate desperately sought to flee their reservations and return to their homelands Charged with the grim task of returning the Indians to such conditions Crook was forced to choose between fulfilling his duties as a soldier and his humanitarian values Magid describes Crook's struggle to reconcile these conflicting concerns while promoting policies he regarded as essential to the welfare of the Indians in the face of a hostile public jealous fellow officers and an unsympathetic government that regarded his efforts as quixotic and misguided Here is a tale that readers will not soon forget
