Report on college improvements

FORMAL
SUB-HEADING

Introduction

As a student of the college, the principal has asked me to compile a report on how the college can be improved. I have completed research and asked students a number of questions. These results will be analysed in this document.

FOOD

Problems

Firstly, one huge concern from the students was the catering services. 88% of students stated that the food was unsatisfactory. The results also showed there was limited vegetarian options while the food was sometimes served cold. Although, the majority of students were happy with the customer service from the staff, 28% believed they needed more people on the counter.

STUDENT
UNION

Secondly, the students feel there isn't anywhere they can go with their friends. Let me get straight to the point: the student union needs major refurbishment. The students find it increasingly dull and in desperate need of modernisation. Unsurprisingly, the union is very quiet at peak times in the college day.

PARKING

Thirdly, parking is causing major dissatisfaction from the students. Four out of five students have to pay £6 to park in a near-by hotel. There are some free parking spaces but these are all taken up by staff. The major consensus from the students is that this is unfair, demotivating and expensive.

SOLUTIONS
FOR ALL
THREE
PROBLEMS

Solutions

- The problem with the catering could be solved by an extra employee being on the counter at all times. In addition, more vegetarian meals should be brought in, whilst the food must be served at a certain temperature.
- The student union needs to be decorated as soon as possible and needs more activities in place for the students. This will improve popularity with students quickly.
- Finally, there needs to be more car spaces available for students on the campus. If this is not possible, then the college should make contact with the local council to arrange cheaper parking around the site as soon as possible.

CONCLUSION

Conclusion

In summary, I have given my recommendations on how to improve the college. If these findings are acted on, I believe the college will increase its overall performance.

The remit of the Office for Standards in Education OFSTED is to improve standards and quality of childcare and education for learners up to 19 years of age through regular inspection some of which is carried out jointly with other inspectorates This annual report covers the year 2004 05 and includes sections on childcare and early learning primary and maintained nursery schools secondary schools special schools pupil referral units further education colleges initial teacher training local education authorities Also included is a section on surveys and themes examining national education strategies in schools in different areas A final section takes a retrospective view on inspection and the contribution OFSTED has made to education over the past 13 years An accompanying CD ROM includes detailed reports on subjects in schools and curriculum areas in colleges **2012 GCSE English results** Great Britain: Parliament: House of Commons: Education Committee,2013-06-11

The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007 09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do **Inspecting and Advising** Mrs Joan Dean,Joan Dean,2002-11 First Published in 2004 Routledge is

an imprint of Taylor Francis an informa company *Drafting and Assessing Poetry* Sue Dymoke,2003-01-28 This excellent book provides the reader with comprehensive coverage of all aspect of poetry teaching The book does more than inform us it inspires profound reflection on the best ways it support poetry writing and draws us into the debate about assessment driven

curriculum School Librarian A must for trainee teachers and English departments Booktrusted News Drafting and Assessing Poetry is thoroughly researched and shows how attitudes towards teaching of poetry and indeed the place of poetry on the syllabus has changed with political fashion over the years but more importantly Sue Dymoke shows how a handful of contemporary poets go about drafting their work and sees this process as an essential tool in the classroom advocating that students should keep drafting notebooks just like real writers Getting students or indeed members of writing groups to understand that one draft of a poem may not be the final or best work they can produce will never be a problem again Writing in Education Sue Dymoke s book is a much needed antidote to the ubiquitous guides to poetry analysis This book is well worth reading for its clarity and wealth of ideas Bethan Marshall TES Teacher Magazine Every English department should buy this remarkably comprehensive book Inspiring approaches for teaching children to write poetry are clearly described Sue Dymoke draws upon her extensive experience as a poet English teacher and researcher to explore the place of writing poetry in English lessons and examinations Her unique insights into both the writing and teaching of poetry should prove invaluable to English teachers Dr Mark Pike Lecturer in English Education and Head of PGCE English University of Leeds It is a useful book a theoretical text but with a practical focus which makes it very readable and interesting to teachers of young people particularly but also to teachers of adults and indeed in parts to poetry writers themselves particularly those interested in working in schools or simply curious about the general process of drafting and evaluating poetry County Lit Nottinghamshire County Council Literature Newsletter Drafting and Assessing Poetry offers a range of teaching strategies for developing students poetry writing skills and guidance about assessment approaches Critical commentaries combine with illustrations of successful classroom practice to consider this essential but under explored aspect of English teaching Based on theory but with a practical dimension the book engages readers in current critical debates about poetry teaching and its place in an assessment driven curriculum This book is for reflective practitioners including trainee teachers who want to develop their understanding of poetry teaching and to gain insights which will inform classroom practice It will also be useful for literacy co ordinators teacher educators and other advisory staff in the field of English teaching
