This volume is the first study of the diary in French writing across the twentieth century as a genre which includes both fictional and non-fictional works From the 1880s it became apparent to writers in France that their diaries a supposedly private form of writing would probably come to be published strongly affecting the way their readers viewed their other

published works and their very persona as an author More than any other Andr Gide embraced the literary potential of the diary the first part of this book follows his experimentation with the diary in the fictional works Les Cahiers d Andr Walter 1891 and Paludes 1895 in his diary of the composition of his great novel Le Journal des faux monnayeurs 1926 and in his monumental Journal 1889 1939 1939 The second part follows developments in diary writing after the Second World War inflected by radical changes in attitudes towards the writing subject Raymond Queneau s works published under the pseudonym of Sally Mara 1947 1962 used the diary playfully at a time when the writing subject was condemned by the literary avant garde Roland Barthes s experiments with the diary 1977 1979 took it to the extremes of its formal possibilities at the point of a return of the writing subject Annie Ernaux s published diaries 1993 2011 demonstrate the role of the diary in the modern field of life writing Throughout the century the diary has repeatedly been used to construct an oeuvre and author but also to call these fundamental literary concepts into question Aller à la rencontre de son âme Valérie Seguin,2024-09-04 Mon voeu le plus cher est que mon t moignage soit une source d espoir lumineux Car un monde fascinant empreint d amour et de douceur se d ploie au del de notre r alit terrestre et mat rieille Ce monde se d voile nous lorsque nous d cidons d aller la rencontre de notre me Jeune femme active et rationnelle Val rie Seguin ne se doute pas lorsqu elle consulte une magn tiseuse l ge de trente ans que d bute alors un long cheminement spirituel qui va modifier sa vie enti re et sa perception de ce qui l entoure Dans cet ouvrage l auteure partage son exploration des mondes invisibles depuis la rencontre avec ses guides au contact avec les d funts en passant par des exp riences saisissantes d expansion de conscience Accompagn e de neuroscientifiques m decins psychologues philosophes elle apporte un clairage sur le chemin qui m ne notre me et esquisse des pistes pour se relier cette int riorit apais e et apaisante incroyable source d nergie et de joie Les inrockuptibles ,2007 **Dracula** Claude Fierobe,2005 L tude compar e des deux personnages Vlad Tepes Vlad l Empaleur qui a r gn en Valachie de 1456 1462 et Dracula h ros noir du roman ponyme de 1897 permet de d finir la nature du rapport entre le mythe et l histoire Elle permet en outre d expliquer la gen se d un mythe litt raire dont l irlandais Bram Stoker a fix la forme canonique Faire le point sur l irlandicit de Dracula appara t d autant plus n cessaire que les interpr tations irlandaises par la mise en regard du roman et du contexte socio culturel dans lequel il a t crit sont nombreuses parfois contradictoires L examen du fantastique d bouche sur celui de la narrativit et sur la question de la responsabilit ditoriale d un texte d concertant qui tend se discr diter lui m me De multiples circulations dessinent des r seaux s mantiques fortement structur s qui renvoient la fois aux zones obscures de la psych et la r alit physique des corps L tude des avatars litt raires et cin matographiques de Dracula montre le progr s d une valorisation positive du vampire dont on admire aujourd hui l intelligence et les pouvoirs Mon Lord protecteur Cheryl Bolen,2022-07-06 C libataire le plus convoit de Londres le comte de Devere n atoujours pas rencontr l mes ur Maisd sl instanto il engage la discr te Caroline Rutherford comme dame de compagnie de sas ur cette femme pleine de myst rel obs de un peu plus chaque jour et chaque nuit Caroline qui

Rachael Langford, Russell West-Pavlov, 1999. Diaristic writing has often been relegated to the fringes of literary studies as a marginal cultural activity. This volume seeks to challenge that marginality by exploring some of the wide ranging forms of literary practice encompassed by diaristic writing in Europe from the Renaissance to the present day. The volume deals with questions of the value and status of the diary, of the functioning of the diary in society and history and of the reception and interpretation of the multifarious forms of first person daily writing. The volume investigates diaries across national borders and linguistic boundaries so as to make the hitherto marginal place of the private journal a site of fruitful interdisciplinary encounters. Australian, British, Catalonian, French, German and Italian critics examine diaries dating from the sixteenth to the twentieth century within the context of the literature history and literary history of Catalonia, England, France, Germany and Italy. A prime concern of the essays in this collection is to highlight the cultural, generic and historical diversity of the diary while emphasising the points of convergence between different texts and differing critical approaches to the texts. The volume will be of interest to students and teachers of European and comparative literature.
