The British National Daily Press and Popular Music, c.1956-1975 Gillian A.M. Mitchell, 2019-02-28 The British National Daily Press and Popular Music c 1956 1975 constitutes a reappraisal of the reactions of the national daily press to forms of music popular with young people in Britain from the mid 1950s to the 1970s including rock n roll skiffle beat group and rock music Conventional histories of popular music in Britain frequently accuse the newspapers of generating moral panic with regard to these musical genres and of helping to shape negative attitudes to the music within the wider society This book questions such charges and considers whether alternative perspectives on press attitudes towards popular music may be discerned In doing so it also challenges the tendency to perceive evidence from newspapers straightforwardly as a mere illustration of wider social trends and considers the manner in which the post war newspaper industry as a sociocultural entity in its own right responded to developments in youth culture as it faced distinctive challenges and pressures amid changing times
