Heritage of Our Times is a brilliant examination of modern culture and its legacy by one of the most important and deeply influential thinkers of the 20th century Bloch argues that the key elements of a genuine cultural tradition are not just to be found in the conveniently closed and neatly labeled ages of the past but also in the open and experimental cultural process of our time One of the most compelling aspects of this work is a contemporary analysis of the rise of Nazism It probes its bogus roots in German history and mythology at the very moment when the ideologies of Blood and Soil and the Blond Beast were actually taking hold of the German people The breadth and depth of Bloch s vision together with the rich diversity of his
