- **Compensation Strategy: Market-Driven**
 - Means that the company will determine the salary for every position by looking at the market and trying to stay competitive
- **Compensation Strategy: Role-Related**
 - The company's point of view is how the employee's skills or how much responsibility he has in the company. (Different to market-driven)
 - The company will pay the employee of his job, not the salary of his job. A responsibility-oriented salary structure is part of this strategy. It is called by a broad process-oriented
- **Salary**
 - Is a fixed pay without bonus
 - Fixed salaries are common in Germany, but usually not used in other countries
 - Usually includes vacation compensation
- **Compensation Strategy: Incentive**
 - Is often an incentive scheme (variable compensation) which is based on the company's performance and the employee's performance

1. The first step is to identify the problem or question that needs to be addressed. This involves understanding the context and the specific requirements of the task.
