## **Field Guide To Otherkin:**

A Field Guide to Otherkin Lupa, 2007 The Otherkin community is a small but growing subculture of people who identify in some way spiritually metaphorically as something Other than human Some resonate with dragons while others believe they were elves in another life and still others resonate with wolves great cats and other earthly animals Whether Otherkin yourself or simply curious this book is the first to offer you an in depth look into this unique community *Handbook of Hyper-real Religions*, 2012-03-28 Today a new trend is clearly discernable that of hyper real religions These are innovative religions and spiritualities that mix elements of religious traditions with popular culture If we imagine a spectrum of intensity of the merging of popular culture with religion we might find at one end groups practicing Jediism appropriated from the Star Wars movies Matrixism from the Matrix trilogy and neo pagan rites based on stories from The Lord of the Rings and the Harry Potter series At the other end of the spectrum members of mainstream religions such as Christianity can be influenced or inspired by for example The Da Vinci Code Through various case studies this book studies the on and off line religious spiritual consumption of these narratives through a social scientific approach **Bits of Spirit & Parts of**

**Soul" ...Reclaiming the Archetypes of Creation Within.** Nevine Z Rottinger, 2014-12-01 Within every human as within the whole of creation there exist major fundamental directive and working energetic programmes Some call these massive force fields of influence the Archetypes whilst others call them Morphological Fields Ancient cultures recognised them as their Gods the Mind of God These fundamental energy fields are perhaps best understood as the bits of Prime Creator Great Spirit the parts of soul within humans plants animals the elements throughout creation As you read Book 1 and Book 2 describing the Major Archetypes of Creation you will gain a profound understanding of yourself the force field which permeates the very Stuff of Creation The content within these 2 books is divided into four stand alone parts which allow you the reader the freedom to explore any single group of archetypes in any order you wish Included are sections for those who wish to use the Vibrational Essences Elixirs which are designed to activate enhance these same Archetypal Energies within you should you wish it The material is channeled may at times break grammatical rules Just read as is you will understand the reason

**Animal Death** Jay Johnston, Professor Fiona Probyn-Rapsey, 2020-03-01 Animal death is a complex uncomfortable depressing motivating and sensitive topic **Narratology beyond the Human** David Herman, 2018-03-01 To what extent and in what manner do storytelling practices accommodate nonhuman subjects and their modalities of experience and how can contemporary narrative study shed light on interspecies interactions and entanglements In *Narratology beyond the Human* David Herman addresses these questions through a cross disciplinary approach to post Darwinian narratives concerned with animals and human animal relationships Herman considers the enabling and constraining effects of different narrative media examining a range of fictional and nonfictional texts disseminated in print comics and graphic novels and film In focusing on techniques such as the use of animal narrators alternation between human and nonhuman perspectives

the embedding of stories within stories and others the book explores how specific strategies for portraying nonhuman agents both emerge from and contribute to broader attitudes toward animal life Herman argues that existing frameworks for narrative inquiry must be modified to take into account how stories are interwoven with cultural ontologies or understandings of what sorts of beings populate the world and how they relate to humans Showing how questions of narrative bear on ideas of species difference and assumptions about animal minds Narratology beyond the Human underscores our inextricable interconnectedness with other forms of creatural life and suggests that stories can be used to resituate imaginaries of human action in a more than human world

Contemporary Esotericism Egil Asprem, Kennet Granholm, 2014-09-11 The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today Combining historiographical analysis with theories and methodologies from the social sciences the volume explores new problems and offers new possibilities for the study of esoterica Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades The wide range of essays are divided into four thematic sections the intricacies of esoteric appeals to tradition the role of popular culture modern communication technologies and new media in contemporary esotericism the impact and influence of esotericism on both religious and secular arenas and the recent de marginalization of the esoteric in both scholarship and society

**Creatures of the Night** Gregory L. Reece, 2012-02-28 Vampires and werewolves phantoms and phantasms looming out of the fog leaps the menacing spectre of the lycanthrope ghoul or blood crazed zombie Intrigued by some of the most sinister yet at the same time most compelling legends of western civilization Gregory L Reece dusts down his stake and crucifix loads his silver bullets and takes off into the wilds in search of answers and fresh adventures Rummaging around in crumbling tombs and cobwebbed sarcophagi his latest quest leads him into the haunted realm of the dead and the undead of those carnivorous nocturnal hunters that might perhaps better be left undisturbed Why he asks is our culture obsessed by the eerie and the macabre Why despite its horrors does the dark side of the supernatural its seances and ghost hunting demonic possession and the occult call to us with such dangerous allure Whether tracking night stalking werewolves chanting black magic mantras with Satanists or interviewing a funereal modern day Count Dracula Reece is determined to uncover the truth A wry exploration of a secret and secretive subculture Creatures of the Night is at the same time a bold and startling journey into a wraithlike world that has so often seemed to lie beyond the limits of rational comprehension until now

*Imagining the Supernatural North* Eleanor Rosamund Barraclough, Danielle Marie Cudmore, Stefan Donecker, 2017-01-03 Turning to face north face the north we enter our own unconscious Always in retrospect the journey north has the quality of dream Margaret Atwood True North In this interdisciplinary collection sixteen scholars from twelve countries explore the notion of the North as a realm of the supernatural This region has long been associated with sorcerous inhabitants mythical tribes metaphysical forces of good

and evil and a range of supernatural qualities It was both the sacred abode of the gods and a feared source of menacing invaders and otherworldly beings Whether from the perspective of traditional Jewish lore or of contemporary black metal music few motifs in European cultural history show such longevity and broad appeal Contributors Eleanor Rosamund Barraclough Angela Byrne Danielle Marie Cudmore Stefan Donecker Brenda S Gardenour Walter Silviye Habulinec Erica Hill Jay Johnston Maria Kasyanova Jan Leichsenring Shane McCorristine Jennifer E Michaels Ya acov Sarig Rudolf Simek Athanasios Votsis Brian Walter

*Vampires Today* Joseph P. Laycock, 2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long before Dracula people were fascinated by vampires The interest has continued in more recent times with Anne Rice's Lestat novels Buffy the Vampire Slayer the HBO series True Blood and the immensely popular Twilight But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists In *Vampires Today The Truth about Modern Vampirism* Joseph Laycock argues that today's vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human

**Fiction, Invention and Hyper-reality** Carole M. Cusack, Pavol Kosnáč, 2016-11-18 The twentieth century was a period of rapid change for religion Secularisation resulted in a dramatic fall in church attendance in the West and the 1950s and 1960s saw the introduction of new religions including the International Society for Krishna Consciousness ISKCON the Church of Scientology and the Children of God New religions were regarded with suspicion by society in general and Religious Studies scholars alike until the 1990s when the emergence of a second generation of new new religions based on popular cultural forms including films novels computer games and comic books and highly individualistic spiritualities confirmed the utter transformation of the religio spiritual landscape Indeed Scientology and ISKCON appeared almost traditional and conservative when compared to the radically de institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions In this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with contributions by representatives of Dudeism the Church of All Worlds the Temple of the Jedi Order and Tolkien spirituality groups This book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements

*The Occult World* Christopher Partridge, 2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism Written by a

distinguished team of contributors the essays consider key figures beliefs and practices as well as popular culture **Goth Craft** Raven Digitalis,2007 A comprehensive introduction to Gothic culture and how to merge magickal practice with the Goth lifestyle

**Fantasy and Belief** Danielle Kirby,2014-09-19 Religion and spirituality are being transformed in our late modern and secularising times New forms of belief proliferate often notable for not being limited to traditional systems of reference or expression Increasingly these new religions present worldviews which draw directly upon popular culture or occulture in fiction film art and the internet Fantasy and Belief explores the context and implications of these types of beliefs through the example of the Otherkin community The Otherkin are a loosely affiliated group who believe themselves to be in some way more than just human their non humanity often rooted in the characters and narratives of popular fantasy and science fiction Challenging much current sociological thinking about spirituality and consumption Fantasy and Belief reveals how popular occulture operates to recycle develop and disseminate metaphysical ideas and how the popular and the sacred are combining in new ways in today s world

**Furry Fandom , Mediated Intimacies** Rikke Andreassen,Michael Nebeling Petersen,Katherine Harrison,Tobias Raun,2017-10-30 Social media characterized by user generated content interactivity participation and community formation have gained much research attention in recent years At the same time intimacy affectivity and emotions are increasingly growing as fields of study While these two areas are often interwoven the actual interconnections are rarely studied in detail This anthology explores how social media construct new types of intimacies and how practices of intimacy shape the development and use of new media offering empirical knowledge theoretical insights and an international perspective on the flourishing field of digital intimacies Chapters present a range of research tools used such as interviews online ethnography visual analysis text analysis and video analysis There is also rich variation in sources for the empirical material studied including Tumblr YouTube dating sites hook up sites Facebook Snapchat Couchsurfing selfies blogs and photographs as well as smartphones tablets and computers By focusing on the intersection between social media and intimacies and their continuous co constitution this anthology offers new insights into the vast landscape of contemporary media reality It will be a valuable resource for teachers students and scholars with an interest in new media communication intimacy and affectivity

**Shadow Magick Compendium** Raven Digitalis,2008 Embracing the darkness is part of divine balance Everyone has a shadow a dark side Exploring the shadow self is not only safe it s necessary for balance and healing The author of Goth Craft invites you down a unique magical path for navigating inner and outer darkness and harnessing the shadow for spiritual growth Shadow Magick Compendium sheds a positive light on this misunderstood and rarely discussed side of magical practice There are ritual meditations for exploring past experiences dispelling harmful behavior patterns and healing a fractured soul Learn how to safely fast and perform other methods of self sacrifice invoke a deity into yourself godform assumption get in touch with your Spirit Animal take advantage of the Dark Moon and eclipses and perform a unique ritual with your television for a new perspective on society From astral

journeys to sigils to dark herbs you ll find an array of magical techniques to navigate the shadows and mysteries of yourself and the world at large      Gender Hurts Sheila Jeffreys,2014-04-24 It is only recently that transgenderism has been accepted as a disorder for which treatment is available In the 1990s a political movement of transgender activism coalesced to campaign for transgender rights Considerable social political and legal changes are occurring in response and there is increasing acceptance by governments and many other organisations and actors of the legitimacy of these rights This provocative and controversial book explores the consequences of these changes and offers a feminist perspective on the ideology and practice of transgenderism which the author sees as harmful It explores the effects of transgenderism on the lesbian and gay community the partners of people who transgender children who are identified as transgender and the people who transgender themselves and argues that these are negative In doing so the book contends that the phenomenon is based upon sex stereotyping referred to as gender a conservative ideology that forms the foundation for women s subordination Gender Hurts argues for the abolition of gender which would remove the rationale for transgenderism This book will be of interest to scholars and students of political science feminism and feminist theory and gender studies

**Educational, Psychological, and Behavioral Considerations in Niche Online Communities** Venkatesh, Vivek,Wallin, Jason,Castro, Juan Carlos,Lewis, Jason Edward,2014-02-28 Online communities continue to evolve as more people take on a virtual presence This shift in online communities and the diversity of individuals populating the web has allowed for the emergence of virtual communities centered on niche topics of interests ranging from heavy metal music to indigenous and native culture Educational Psychological and Behavioral Considerations in Niche Online Communities examines the presence of online communities centered around niche topics of interest and the impact of these virtual spaces on community members Taking perspectives from interdisciplinary fields such as sociology psychology and education this publication will appeal to educators psychologists behaviorists students and researchers interested in the impact of virtual communities on individuals as well as the opportunities these online communities present      Play, Performance, and Identity Matt Omasta,Drew Chappell,2015-02-11 Play helps define who we are as human beings However many of the leisurely ludic activities people participate in are created and governed by corporate entities with social political and business agendas As such it is critical that scholars understand and explicate the ideological underpinnings of played through experiences and how they affect the player performers who engage in them This book explores how people play and why their play matters with a particular interest in how ludic experiences are often constructed and controlled by the interests of institutions including corporations non profit organizations government agencies religious organizations and non governmental organizations NGOs Each chapter explores diverse sites of play From theme parks to comic conventions to massively multiplayer online games they probe what roles the designers of these experiences construct for players and how such play might affect participants identities and ideologies Scholars of performance studies leisure studies media studies and

sociology will find this book an essential reference when studying facets of play      Dangerous Games Joseph P. Laycock, 2015-02-12 The 1980s saw the peak of a moral panic over fantasy role playing games such as Dungeons and Dragons A coalition of moral entrepreneurs that included representatives from the Christian Right the field of psychology and law enforcement claimed that these games were not only psychologically dangerous but an occult religion masquerading as a game Dangerous Games explores both the history and the sociological significance of this panic Fantasy role playing games do share several functions in common with religion However religion as a socially constructed world of shared meaning can also be compared to a fantasy role playing game In fact the claims of the moral entrepreneurs in which they presented themselves as heroes battling a dark conspiracy often resembled the very games of imagination they condemned as evil By attacking the imagination they preserved the taken for granted status of their own socially constructed reality Interpreted in this way the panic over fantasy role playing games yields new insights about how humans play and together construct and maintain meaningful worlds Laycock s clear and accessible writing ensures that Dangerous Games will be required reading for those with an interest in religion popular culture and social behavior both in the classroom and beyond
