**Bulletin of the New England Modern Language Association** ,1926 *Paul's Letter to the Romans* Arland J. Hultgren,2011-05-16 Building on his own translation from the Greek Hultgren walks readers through Romans verse by verse illuminating the text with helpful comments probing into major puzzles and highlighting the letter's most inspiring features He also demonstrates the forward looking missional character of Paul's epistle written as Hultgren suggests to introduce Roman Christians to the major themes of Paul's theology and to inspire in them both confidence in the soundness of his teaching and support for his planned missionary efforts in Spain *Poetry, Bible and Theology from Late Antiquity to the Middle Ages* Michele Cutino,2020-07-06 This volume examines for the first time the most important methodological issues concerning Christian poetry i.e biblical and theological poetry in classical meters from a diachronic perspective Thus it is possible to evaluate the doctrinal significance of these compositions and the role that they play in the development of Christian theological ideas and biblical exegesis Karl Barth's Epistle to the Romans Christophe Chalamet,Andreas Dettwiler,Sarah Stewart-Kroeker,2022-05-09 Karl Barth's commentary on Paul's epistle to the Romans in its two editions 1919 and 1922 is one of the most significant works published in Christian theology in the 20th century This book which landed like a bombshell on the theologians' playground still deserves close scrutiny one hundred years after its publication In this volume New Testament scholars philosophers of religion and systematic theologians ponder the intricacies of Barth's expressionistic commentary pointing out the ways in which Barth interprets Paul's epistle for his own day how this actualized interpretation of the apostle's message challenged the theology of Barth's time and how some of the insights he articulated in 1919 and in 1922 have shaped Christian theology up to our day With his commentary the young Swiss pastor paved the way for a renewed intensely theological interpretation of the Scriptures The volume thus centers on some of the key themes which

run through Barth's commentary faith as divine gift beyond any human experience or psychological data the Easter event as the turning point of the world's history God's judgment and mercy and God's one Word in Jesus Christ This volume represents a major contribution to the interpretation of Karl Barth's early thought      **Revolutionary Experiments** Nikolai Kremetsov, 2014 Kremetsov examines a particular fascination with the dream of immortality and the place of science and fiction in its pursuit in Russia during roughly a decade that followed the country's political revolutions of 1917 It argues that contemporary scientific experiments aimed at the control over life death and disease inspired many Russian writers to conduct their own literary experiments with the ideas and techniques offered by experimental biology and medicine which found expression in both popular science writings and a new literary genre science fiction      *The bull 'Ineffabilis' [of Pius ix] ... or, The immaculate conception of the virgin Mary defined* pope Pius IX, 1868      **The Idea and Ideal of the Town between Late Antiquity and the Early Middle Ages** Brogiolo, Ward-Perkins, 2021-11-01 This volume examines the changing perceptions and ideals of town life from the classical civitas polis the lynch pin of ancient civilisation to the medieval city still playing many central roles but with less of the ideological charge characteristic of Antiquity One central theme is the persistent shadow of the ancient city in crumbling ancient buildings and the survival of Roman styles of urban lay out and in the way that cities were depicted both visually in persistence of often outmoded classical terms and descriptions and verbally in the persistence of often outmoded classical terms and descriptions Yet the ideal of the city was also changing and developing especially around the idea of a new specifically Christian city protected by its saints and by its churches
