LUST Classics : Le Doctorat Impromptu de Nerciat Andrea de Nerciat, 2020 **Revolutionary Love in Eighteenth- and Early Nineteenth-Century France** Allan H. Pasco, 2016-12-05 In this innovative study the author carves out a new field a sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Bachelard d Arnaud Pigault Lebrun and Madame de Sta l make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion became and remained the ideal and the Romantics were left to plumb its nature *Bibliography of Eighteenth Century Art and Illustrated Books* J. Lewine, 1898 *Forbidden Fictions* John Phillips, 1999-01-20 Phillips discusses texts by Apollinaire Pierre Lo ys Georges Bataille Pauline R age Alain Robbe Grillet Tony Duvert Elizabeth Barill and Marie Darrieussecq engaging in different levels of critical analysis so as to emphasize intertextual and parodic elements in one case or points of possible identification in another TLS French culture has long been perceived by the English speaking reader as somehow more erotic than its Anglo Saxon equivalent *Forbidden Fictions* is the first English language study devoted exclusively to the wide spectrum of French literary pornography in the twentieth century John Phillips provides a broad history of the genre and the associated moral and political issues Among the texts examined in detail all selected for their literary or sociopolitical importance are landmark works by Apollinaire Lou s Bataille R age Robbe Grillet Arsan and Duvert Phillips challenges current politically correct trends in literary criticism and stereotyped censoring discourses about pornography to provide a new reading of each text and to illustrate the genre s potential for social subversion *Forbidden Fictions* addresses the most controversial issues of contemporary sexual politics such as objectification sadomasochism homoeroticism and paedophilia with particular emphasis on the feminist debate on pornography In the light of current controversy over the control of pornography this is a timely and scholarly review of the ethical moral and social arguments surrounding the censorship of sexually explicit material **No Tomorrow** Catherine Cusset, 1999 In this ambitious book Cusset reframes the often misunderstood genre that celebrates what Casanova calls the present enjoyment of the senses She contends libertine works are not as is commonly thought characterized by the preaching of sexual pleasure but are instead linked by an ethics of pleasure that teaches readers that vanity and sensual enjoyment are part of their moral being Developing Roland Barthes s

concept of the pleasure of the text the author argues that the novel is a powerful vehicle for moral lessons more so that philosophical or moral treatises because it conveys such lessons through pleasure Midwest *International Exposure* Lisa Z. Sigel, 2005-01-03 *International Exposure* demonstrates the wealth of desires woven into the fabric of European history desires about empire and nation about self and other about plenty and dearth By documenting the diverse meanings of pornography senior scholars from across disciplines show the ways that sexuality became central to the individual to the nation and to the transnational character of modern society The ten essays in the volume engage a rich array of topics including obscenity in the German states censorship in France s Third Republic the male internet porn the rise of incestuous longings in England the place of the Hungarian video revolution in the global market and the politics of pornography in Russia Taken together the essays illustrate the latest approaches to content readership form and delivery in modern European pornography A substantial discussion of the broad history and state of the field complements the ten in depth case studies that examine a wide range of sources from literature to magazines video to the internet By tackling the highbrow and lowdown of the pornographic form this volume lays the groundwork for the next surge of studies in the field
