Marriage Manual Gregory Mundy, 2018-02-10 If you are married or thinking about getting married this book is the right book for you It covers all the problems that you may face in a marriage Very humorous but straight to the point It has a very intensive 100 questionnaire that will really tell you if you are ready for marriage or not The book covers it all from Infidelity Gambling Spouse Abuse Jealousy Selfishness Finance Envy Trustworthiness Religion Dominance Equality Sex etc etc everything you need to know in order to have a great marriage The book teaches you that no matter how perfect the person is that you are marrying there is no such thing as a perfect marriage Marriage is a four letter word LOVE Of course some of us may have had a couple of other words come to mind If you did this book is for you Marriage is right for everyone but not everyone is right for anyone This is where we usually run into a problem When two people who are totally different somehow end up being married and only then discover that they have nothing in common this can create a problem It is true that opposites do attract so it's important that you know who you are marrying people to share one another and work together to better each other through love tenderness kindness

and understanding Marriage is not where you work individually for a common goal but where you work together as a team to achieve each other's goals. Marriages may happen overnight but divorces do not. This is why it is so important for us to know when things started changing. If you put on makeup he thinks that you are trying to attract someone else. If you do not dress up then he swears that makes it a good reason for him to mess around because you are no longer sexy like you used to be. You are really in a no-win situation but remember this is marriage. Stupid. So if he feels like staying in and you feel like going out to eat or see a show who gives in? If he does not like Chinese food and you are a fanatic for it should you settle for pizza? Now that he wants you out of short dresses and into baggy jeans who is really wearing the pants in the family? When her husband is the sole breadwinner she will usually take a whole lot more shit than a wife who is working a good job making as much as her husband or more. For some reason a man needs to feel that he is the king of the beast, the ruler of the jungle and superior over woman. How mistaken can he be but all through history up to the present day men have tried to live by this philosophy. Women please tell your lion king husband that this is not the jungle but we can rumble like in the jungle if you want to. In a marriage ceremony the father usually gives his daughter away. The mother does not give her son away but the father gives his daughter away. Now maybe back in the day when women were still being drugged around by their hair in prehistoric times. Maybe back in the day before women learn about equal rights and fought to be able to work right along men even serve in the military. Maybe before this men were taking on most of the responsibility but someone needs to let them know baby things have changed. To have a fulfilling marriage you must be willing to put the union husband and wife first before yourself or I. You need to start thinking of what is best and safe for us instead of just me. No one should ever feel bad. You would be surprised at how many marriages collapsed because a spouse feeling 100% against doing something did it because they felt they should be supportive to their spouse. For a marriage to be lasting it must involve two unselfish people willing to give more than they receive, hard working and love devoted toward the common cause of us not me and a hell of a lot of luck just joking.
