Bruce Lee The Tao of Gung Fu Bruce Lee,2015-09-08 In the months leading up to his death Bruce Lee was working on this definitive study of the Chinese martial arts collectively known as Kung Fu or Gung Fu This book has now been edited and is published here for the first time in its entirety Bruce Lee totally revolutionized the practice of martial arts and brought them into the modern world by promoting the idea that students have the right to pick and choose those techniques and training regimens which suit their own personal needs and fighting styles He developed a new style of his own called Jeet Kune Do combining many elements from different masters and different traditions This was considered heretical at the time within martial arts circles where one was expected to study with only a single master and Lee was the first martial artist to

attempt this Today he is revered as the father of martial arts practice around the world including Mixed Martial Arts In addition to presenting the fundamental techniques mindset and training methods of traditional Chinese martial arts this martial art treatise explores such esoteric topics as Taoism and Zen as applied to Gung Fu Eastern and Western fitness regimens and self defense techniques Also included is a Gung Fu scrapbook of Bruce Lee s own personal anecdotes regarding the history and traditions of the martial arts of China After Lee s death his manuscript was completed and edited by martial arts expert John Little in cooperation with the Bruce Lee Estate This book features an introduction by his wife Linda Lee Cadwell and a foreword from his close friend and student Taky Kimura This Bruce Lee Book is part of the Bruce Lee Library which also features Bruce Lee Striking Thoughts Bruce Lee The Celebrated Life of the Golden Dragon Bruce Lee Artist of Life Bruce Lee Letters of the Dragon Bruce Lee The Art of Expressing the Human Body Bruce Lee Jeet Kune Do

10 Things the Martial Arts Student Must Understand Martina Sprague,2012-07-24 It has been said that forewarned is forearmed Many students don t know what to expect or how to increase motivation retention and rate of learning when first signing up to study the martial arts You are left in the hands of an instructor who is often a student himself and not a teacher by profession The Power Trip How to Survive and Thrive in the Dojo is an informative and critical series of books that will give you the power to thrive in an environment where other students and even instructors at times sit on their high horses arguing over best techniques or making snide remarks about your performance It will also arm you for the day you will begin teaching the martial arts or help you improve your technique if you are already teaching and show you how to build your integrity and reput e as an instructor If you are a new student in the martial arts ready to sign up for your first lesson you will gain a lot of information about the difficulties you can expect to encounter sometime throughout your training and explore options for resolving potential conflicts If you are a seasoned martial artist with years under your belt you will no doubt recognize many of the scenarios presented and be able to look back at your journey and consider what you could have done differently Since the advice is not style specific but explores a multitude of scenarios that frequently play themselves out in the martial arts training hall it applies to students of most martial styles 10 Things the Martial Arts Student Must Understand the first book in the series is a primer for the information that is to follow and takes you through scenarios you might encounter when learning how to draw the maximum amount of knowledge from the suggestions your instructor and other students give you The material in this book is excerpted from the previously published book now out of print The Complete Martial Arts Student also by Martina Sprague The full series comprises the following books 1 10 Things the Martial Arts Student Must Understand2 8 Ways to Be Professional and Ethical in the Martial Arts3 8 Methods for Learning the Martial Arts Setting Goals and Getting Motivated4 6 Ways to Improve Performance and Correct Errors in the Martial Arts5 8 Ways to Benefit from Critique and Testing in the Martial Arts6 6 Tips for Communicating Effectively and Dealing with Behavioral Problems in the Martial Arts **Bruce Lee's Jeet Kune Do** Sam Fury,2015-07-25 Teach Yourself Jeet Kune Do
