## WARNING

Abstract: This paper discusses the importance of the role of the state in the development of the economy. It argues that the state should play a more active role in the economy, particularly in the areas of infrastructure, education, and health care. The paper also discusses the importance of the role of the private sector in the economy, and the need for a balance between the two.

- Is instrumental to sales and proper care of the livestock
- Records and interpretations for the breeder preparing to fix the brood
- Records and interpretations to the history records on the broods
- Shows the price of other patients
- Records and provides with care of broods contributed to sales, that will be used to improve on the next

It is not necessarily a simple matter to see and separate the three related but distinct issues involved in this question and therefore in part of the research itself.
