The new Courses at National 5 draw on the strengths of popular areas of study from Standard Grade and Intermediate 2 with the introduction of some new content. The purpose of this support document is to help centres and departments to identify suitable past paper questions/items that could be used, or possibly amended, to support learners in their preparation for sitting question papers (exams) as part of the National 5 Course assessment. (If you click on the highlighted links in the columns below, this will take you to the relevant past paper.)

- You may be able to use questions as published or with amendments as suggested in the columns below for Standard Grade and Intermediate 2.
- You must use questions that adhere to the National 5 General Marking Principles and reflect the form of detailed Marking Instructions as published in the National 5 Specimen Question Paper.

If any change to a Standard Grade/Intermediate 2 question is necessary, you must ensure that:

- The style and structure matches the Specimen Question Paper for National 5.
- Marking of the learner's response to the question adheres to the General Marking Principles in the National 5 Specimen Question Paper
