Teaching History Online John F. governor of his state Evidence that he sexually abused four of his teenage nieces forced him to retreat for many years to his plantation but eventually he returned to public view winning a seat in the United States Senate that he resigned when South Carolina seceded from the Union James Henry Hammond s ambition was unquenchable It consumed his life directed almost his every move and ultimately in its titanic calculation and rigidity destroyed the man confined within it Like Faulkner s Thomas Sutpen Faust suggests Hammond had a design a compulsion to direct every moment of his life toward self aggrandizement and legitimation Despite his sexual abuse of enslaved females and their children like other plantation owners Hammond envisioned himself as benevolent and paternal He saw himself as the absolute master of his family and slaves but neither his family his slaves nor even his own behavior was completely under his command Hammond fervently wished to perfect and preserve what he envisioned as the southern way of life But these goals were also beyond his control At the time of his death it had become clear to him that his world the world of the Old South had ended
