Entrusted Can You Be Trusted:

Lives Entrusted Barbara J. Blodgett, Behind all the issues of ministerial conduct and character lies a simple reality The heart of ministerial ethics and integrity argues Barbara Blodgett is trust trust expected trust earned trust practiced In Lives Entrusted Blodgett shows how trust is not an emotion or intention but a transaction People entrust each other with things they value and that interaction endows a relationship which in turn helps to create community Trust however is undermined by a number of trust busters common in the church including secrecy auditing gossip and b s By focusing on crucial practices of trust identified in terms of risk vulnerability and power Blodgett shows us how we may practice better trust and thus create a unique new framework for ministerial identity and ethics The New Testament and the Theology of Trust Teresa Morgan,2022-06-16 This study argues for the recovery of trust as a central theme in Christian theology and offers the first theology of trust in the New Testament Trust is the root meaning of Christian faith pistis fides and trusting in God and Christ is still fundamental to Christians But unlike faith and other aspects of faith such as belief or hope trust is little studied Building on her ground breaking study Roman Faith and Christian Faith and drawing on the philosophy and psychology of trust Teresa Morgan explores the significance of trust trustworthiness faithfulness and entrustedness in New Testament writings Trust between God Christ and humanity is revealed as a risky dynamic forward looking life changing partnership God entrusts Christ with winning the trust of humanity and bringing humanity to trust in God God and Christ trust humanity to respond to God s initiative through Christ and entrust the faithful with diverse forms of work for humanity and for creation Human understanding of God and Christ is limited and trust and faithfulness often fail but imperfect trust is not a deal breaker Morgan develops a new model of atonement showing how trust enables humanity s release from the power of both sin and suffering She examines the neglected concept of propositional trust and argues that it plays a key role in faith This volume offers a compelling vision of Christian trust as soteriological ethical and community forming Trust is both the means of salvation and an end in itself because where we trust is where we most fully live **Romans** Thomas C.
