LEGO Studies Mark J.P. Wolf, 2014-11-13 Since the Automatic Binding Bricks that LEGO produced in 1949 and the LEGO System of Play that began with the release of Town Plan No. 1 1955 LEGO bricks have gone on to become a global phenomenon and the favorite building toy of children as well as many an AFOL Adult Fan of

LEGO LEGO has also become a medium into which a wide number of media franchises including Star Wars Harry Potter Pirates of the Caribbean Batman Superman Lord of the Rings and others have adapted their characters vehicles props and settings The LEGO Group itself has become a multimedia empire including LEGO books movies television shows video games board games comic books theme parks magazines and even MMORPGs LEGO Studies Examining the Building Blocks of a Transmedial Phenomenon is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own Although each essay looks at a particular aspect of the LEGO phenomenon topics such as adaptation representation paratexts franchises and interactivity intersect throughout these essays proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in Media Studies The Long-Shot Trial William Deverell,2024-05-28 Arthur Beauchamp takes a break from the courtroom to write a memoir so he can set the record straight about a headline murder case he fought as a young lawyer in 1966 The trial would either mark him as a pathetic loser or thrust him into the top ranks of criminal counsel The background in 1966 a young housemaid was raped by her employer a callous and vindictive millionaire She shot him point blank so it seemed an open and shut case of first degree murder Enter Arthur Beauchamp a young lawyer haunted by having bungled his only previous murder case He is now called upon to defend a murder that he is almost certain can't be won But as the trial speeds through twists and turns his slashing cross examinations bring hope that the jury might entertain a reasonable doubt In present time Arthur learns that writing about his social gaffes booze and sex is not easy especially as his efforts are regularly interrupted by the quirky characters who inhabit his supposedly idyllic Garibaldi Island *Television Directors, Race, and Gender* Jonathan J. Cavallero,2024-07-17 This book challenges the predominant framing of US television as a writer's or producer's medium by suggesting that television directors are a vital component of TV artistry Looking beyond a perspective that favors the narrative and economic aspects of television but undervalues the medium's formal elements the book explores how directors use the visual and aural to contribute layers of meaning that add to the thematic development of television texts Starting from the belief that television aesthetics partially reveal the ways in which directors and their collaborators contribute to the overall thematic development of a program the author offers five case studies that map out the ways that directors have contributed to television drama throughout the medium's approximately 80 year history By devoting special attention to the presence and voices of directors from marginalized backgrounds the book creates opportunities to discuss television from perspectives that emphasize issues of diversity equity and inclusion This original and insightful work will appeal to students and scholars of television studies television production and media production critical media studies media authorship gender studies and race and media **Italian Neorealist Cinema** Christopher Wagstaff,2007-12-29 The end of the Second World War saw the emergence of neorealist film in Italy In Italian Neorealist Cinema Christopher Wagstaff analyses three neorealist films that have had significant influence on filmmakers around the world Wagstaff treats these films as assemblies of sounds

and images rather than as representations of historical reality If Roberto Rossellini's *Roma città aperta* and Pais and Vittorio De Sica's *Ladri di biciclette* are still half a century after they were made among the most highly valued artefacts in the history of cinema Wagstaff suggests that this could be due to the aesthetic and rhetorical qualities of their assembled narratives performances locations lighting sound mise en scène and montage This volume begins by situating neorealist cinema in its historical industrial commercial and cultural context and makes available for the first time a large amount of data on post war Italian cinema Wagstaff offers a theoretical discussion of what it means to treat realist films as aesthetic artefacts before moving on to the core of the book which consists of three studies of the films under discussion Italian Neorealist Cinema not only offers readers in Film Studies and Italian Studies a radically new perspective on neorealist cinema and the Italian art cinema that followed it but theorises and applies a method of close analysis of film texts for those interested in aesthetics and rhetoric as well as cinema in general
