Michael Young, Social Science, and the British Left, 1945-1970 Lise Butler, 2020-09-02 In post war Britain left wing policy maker and sociologist Michael Young played a major role in shaping British intellectual political and cultural life using his study of the social sciences to inform his political thought In the mid twentieth century the social sciences significantly expanded and played a major role in shaping British intellectual political and cultural life Central to this intellectual shift was the left wing policy maker and sociologist Michael Young As a Labour Party policy maker in the 1940s Young was a key architect of the Party's 1945 election manifesto Let Us Face the Future He became a sociologist in the 1950s publishing a classic study of the East London working class Family and Kinship in East London with Peter Willmott in 1957 which he followed up with a dystopian satire The Rise of the Meritocracy about a future society in which social status was determined entirely by intelligence Young was also a prolific social innovator founding or inspiring dozens of organisations including the Institute of Community Studies the Consumers Association Which magazine the Social Science Research Council and the Open University Moving between politics social science and activism Young believed that disciplines like sociology psychology and anthropology could help policy makers and politicians understand human nature which in turn could help them to build better political and social institutions This book examines the relationship between social science and public policy in left wing politics between the end of the Second World War and the end of the first Wilson government through the figure of Michael Young Drawing on Young's prolific writings and his intellectual and political

networks it argues that he and other social scientists and policy makers drew on contemporary ideas from the social sciences to challenge key Labour values like full employment and nationalisation and to argue that the Labour Party should put more emphasis on relationships family and community Showing that the social sciences were embedded in the project of social democratic governance in post war Britain it argues that historians and scholars should take their role in British politics and political thought seriously

The WRNS in Wartime Hannah Roberts,2017-11-24 The Women s Royal Naval Service WRNS was created in 1917 re formed in 1938 and maintained after 1945 This book determines for the first time the reasons for the expansion and contraction of the service and the impact key individuals had on it and in turn the influence it had on its members Hannah Roberts offers new insights into a previously little studied British military institution which celebrates its centenary in 2017 She shows how political and military decision making within the fluctuating national security situation coupled with a growing cultural acceptability of women taking on military roles allowed for the growth of the service in World War II into realms never expected of women Although it shared a similar pattern in its formation to the Auxiliary Territorial Service ATS and had a similar ethos to its Air Force counterpart the WAAF the WRNS took on a wider ranging role in the war in part due to the latitude afforded to the service because of its uniquely independent origins From 1941 onward the WRNS spread internationally and subverted the combat taboo by adopting semi combatant roles Using twenty one new oral histories and a multitude of archived personal documents this book demonstrates the pivotal importance of the Women s Royal Naval Service in both the world wars

Unhappy mothers Sarah Crook,2025-07-29 In the decades following the Second World War mothers experiences of loneliness boredom and unhappiness were increasingly widely acknowledged The language of postnatal depression came to be attached to this but mothers organised around their own discontent in ways that challenged the medical model *Unhappy mothers* draws attention to the social political and professional contexts within which knowledge about unhappy mothering developed Drawing upon an extensive range of archival material the book addresses themes around expertise feminism and the value given to lived experience

Social Policy and Welfare Pluralism John Offer,Robert Pinker,2017-10-31 Robert Pinker has written extensively on social policy matters since the early 1960s His distinct approach to understanding concepts such as welfare pluralism is of particular relevance today as welfare pluralism remains an essential component of the policy mix giving people access to a greater range and diversity of statutory voluntary and private sector services than unitary models of welfare provide *Social Policy and Welfare Pluralism* presents the first collection of Robert Pinker s essays in one edited volume It includes essays on the ways in which welfare theories and ideologies and public expectations have influenced and shaped the political processes of policy making Other essays focus on clarifying some of the key concepts that underpin the study of social policy Pinker also reviews the extent to which the United Kingdom has succeeded in creating a policy mix in which normative compromises are negotiated between the claims of market individualism and public sector collectivism The concluding chapter by Robert Pinker reviews the prospects for

social policy in the UK over the next five years *Identity Construction and Tourism Consumption* Erdal Arslan,İnci Oya Coşkun,2022-10-26 This book explores how identity plays a pivotal role in tourism consumption Almost all tourism related consumption studies underestimate or refer inadequately to identity s relationship with tourism consumption As identity phenomenon is considerably a new subject in the tourism literature this book examines its relationship with the consumption theory It is of interest to readers curious about how pre during and post consumption activities affect a person s identity and vice versa This book contains an analysis of consumption theories and a summary of literature identifying the phenomenon s evolution through pre modern modern and post modern periods In this context this book aims to enlighten the interactions between identity construction and tourism consumption The grounded theory one of the qualitative research approaches was applied to accomplish the relevant purpose and in depth interviews were recruited following the method approach stages to enable the researchers to gain new insights into the subject By presenting the identity tended tourism consumption model this book provides a set of profound contributions to the relevant literature and insight for practitioners decision makers and entrepreneurs This book attempts to clarify the tourists consumption process and understand how the interactions between identity construction and tourism consumption work The qualitative methodology grounded theory allows in depth analysis and insights of the participants of the study on their definitions of themselves as human beings and as tourists decisions on their travel plans their considerations motivations to travel and destination preferences interactions with others vacation activities evaluations on their travel experiences et cetera Therefore this book appeals to readers of marketing business operations sociology and economics *A History of the Personal Social Services in England* Ray Jones,2020-07-04 This book provides a detailed narrative and analysis of the 50 year development of the personal social services in England located throughout the changing ideological political and relevant professional contexts of the period Drawing on the experience and recollections of key players who were active during major moments it constitutes a significant addition to the social work and social policy literature synthesising important and often original evidence and some provocative interpretations The book speaks to crucial on going issues and contentious current debates such as the place of bureaucratic management structures in practices with people generally and social work specifically It will be of interest to student and qualified social workers social policy students and researchers and policy makers as well as those with a general interest in the history and trajectory of current issues facing social work and social care in England **Staying Attached** Gill Gorell Barnes,2018-03-08 This book is about the changing social contexts for fathering in the United Kingdom since the end of the Second World War and the social moves from patriarchal fatherhood to multiple ways of doing dad The book questions why fathers have been marginalised by therapists working with children and families It proposes that theories of psychotherapy including attachment theory have failed to take father love for their children and the reality of changing social fatherhoods sufficiently into account consequently affecting related practice Different contemporary family structures and multiple variations of

relationship between fathers and children are considered Many fathers brought up within earlier patriarchal frameworks for viewing fatherhood are still trying to exercise these within contexts of rapid change in expectations of men as fathers They may find themselves in troubled and oppositional relations with partners and often children Examples are given for thinking about fathers in different relationship transitions including non live in fatherhoods re entering children s lives after long absences fathering following acrimonious divorce and a range of social fatherhoods **Me, Me, Me** Jon

Lawrence,2019-09-01 Many commentators tell us that in today s world everyday life has become selfish and atomised that individuals live only to consume But are they wrong In Me Me Me Jon Lawrence re tells the story of England since the Second World War through the eyes of ordinary people including his own parents to argue that in fact friendship family and place all remain central to our daily lives and whilst community has changed it is far from dead He shows how in the years after the Second World War people came increasingly to question custom and tradition as the pressure to conform to societal standards became intolerable And as soon as they could millions escaped the closed face to face communities of Victorian Britain where everyone knew your business But this was not a rejection of community per se but an attempt to find another new way of living which was better suited to the modern world Community has become personal and voluntary based on genuine affection rather than proximity or need We have never been better connected or able to sustain the relationships that matter to us Me Me Me makes that case that it s time we valued and nurtured these new groups rather than lamenting the loss of more real forms of community it is all too easy to hold on to a nostalgic view of the past **A New History of**

Friend Tiffany Watt Smith,2025-05-06 A smart and thought provoking memoir history and cultural critique about the turmoil and complexity of female friendship Our culture today is inundated with narratives about the strength of female friendship

whether through images of girl power BFFs or work wives Yet cultural historian Tiffany Watt Smith has always found her own life much messier She has had dramatic friend breakups friendships that felt like too much or not enough friendships that drifted into silence and friendships built on convenience rather than a meeting of minds And there are older cultural scripts to contend with the competitive rival the jealous backstabber the underminer the fair weather friend We have all been bad friends It s impossible to be a perfect one as Watt Smith points out women s friendships have long been magnified scrutinized praised and admonished creating a legacy of impossible ideals In *Bad Friend* Watt Smith reflects on her own experience and thoroughly mines the rich cultural history of female friendship to look for a new paradigm that might encompass the struggles along with the joy

Married Women Working Pearl Jephcott, 2023-04-25 In the 1950s heated views were sometimes expressed about the alleged social results of married women going out to work Originally published in 1962 *Married Women Working* attempts to examine the question objectively It is based on two studies undertaken over a period of nearly five years in a solidly working class London district one a detailed study in the factory of a well known firm of biscuit makers Peek Freans relying mainly on married women workers the other a more general one in the surrounding borough as a whole How effective was the married woman as an employee How did the firm cope with their new type of labour and with what results What was the effect on the woman herself and on her family of her attempt to fill the dual role of home maker and paid worker These are some of the questions examined in this book which also gives a very fascinating picture of how people lived at the time against the background of earlier generations

The Welfare State Generation Eve Worth, 2021-12-16 Women born in mid twentieth century Britain were the welfare state generation not only were their lives fundamentally shaped by the welfare state they helped to transform it In this ground breaking work Eve Worth examines the impact of the welfare state on the life course of women whose opportunities and social experiences were formed by it in the post 1945 period Centred around an oral history study this book argues that the welfare state was so central to the lives of women born in Britain between the late 1930s and early 1950s that they should be considered the welfare state generation The post war expansion of the welfare state was one of the most transformative political changes of the twentieth century yet we know little about its development in practice nor its long term impact on those who grew up within it Using a ground breaking life history methodology to examine women from their birth in the long 1940s to retirement in the mid 2010s it includes thirty six original life history interviews alongside social surveys and the Census for wider context By deploying a cross class approach this book moves the discussion on from just looking at university educated women to include women often overlooked in gender and social studies Re conceptualising the causes of social mobility in post war Britain exploring a new understanding of work and an updated periodisation of welfare state development *The Welfare State Generation* offers a new approach to the history of class and gender arguing that we need to move beyond the focus on women s emotions and personal identity to consider their experiences and relationships with the state as employer educator and provider

Love,

Loyalty and Deceit Hugh Firth, Loulou Brown, 2023-09-15 How much do we really know about our parents lives What secrets lie in plain sight This is the true story of hidden love within a small circle of some of the most acclaimed anthropologists of the 20th century Told by Rosemary and Raymond Firth s son and the daughter of Celia and Edmund Leach the man Rosemary loved all her life this part love story part biography part social history is the tale of a highly influential circle of social anthropologists in Britain from the 1930s through the Second World War to the end of the century The book explores their early influences their insecurities their flaws struggles and achievements It is a story of passion and commitment but also of deceit and betrayal including the inexplicable disappearance death and alleged murder of a very close friend It also narrates Rosemary s struggles for emotional and intellectual independence in the face of societal expectations of women and her own guilt loss and self doubt From the Prologue Rosemary loved many people in many different ways but she loved two men in particular throughout most of her life One was her husband Raymond Firth regarded by some as among the founding fathers of social anthropology Yet she also retained a passionate devotion to her first love Edmund Leach who would subsequently become the public intellectual face of social anthropology in the later 1960s Both separately and together they were part of the process of defining the nature of this still growing discipline in the first part of the mid twentieth century

All Our Welfare Peter Beresford, 2016-01-29 The UK welfare state is under sustained ideological and political attack It has also been undermined by accusations of paternalism and past failures to engage with the very people it is intended to help This unique book is the first to critique the past present and future welfare state from a participatory perspective Peter Beresford champion of user involvement draws on pioneering theories and practice of welfare service user movements to offer a blueprint for a new participatory social policy He controversially challenges orthodox social policy and the limitations of both Fabian and Neo liberal perspectives in engaging people to improve their own welfare drawing on service users own ideas and experience including fascinating vignettes from his own family s experience to demonstrate the value of user knowledge Filling a much needed gap in the literature this accessible text will provide a great introduction for students and a road map for practitioners of an alternative vision for a future participatory and sustainable social policy It will also command much wider interest from everyone concerned with how we look after each other in future in society

Women at Work in Twenty-First-Century European Cinema Barbara Mennel, 2019-01-30 From hairdressers and caregivers to reproductive workers and power suited executives images of women s labor have powered a fascinating new movement within twenty first century European cinema Social realist dramas capture precarious working conditions Comedies exaggerate the habits of the global managerial class Stories from countries battered by the global financial crisis emphasize the patriarchal family debt and unemployment Barbara Mennel delves into the ways these films about female labor capture the tension between feminist advances and their appropriation by capitalism in a time of ongoing transformation Looking at independent and genre films from a cross section of European nations Mennel sees a focus on

economics and work adapted to the continent's varied kinds of capitalism and influenced by concepts in second wave feminism. More than ever, narratives of work put female characters front and center and female directors behind the camera. Yet her analysis shows that each film remains a complex mix of progressive and retrogressive dynamics as it addresses the changing nature of work in Europe.

A Woman in Law Celia Wells, 2019-09-11 Celia Wells always felt like an outsider. Her unconventional early life was shaped by her Communist Party parents; she grew up as town not gown in Oxford, surrounded by books but living in a council house. She has uncovered an intriguing backstory with a bigamous grandmother, a convicted forger, a cousin transported to Australia in the 1840s, and the rise and fall of landed gentry. The author describes her parents, bohemian friends, and their coded language, and uses their original wartime correspondence to produce a picture of a fascinating heritage which ran against the grain and shaped an inquiring mind. *A Woman in Law* shows how the post-war political landscape provided opportunities for women yet failed to shift many entrenched advantages of gender and class. Tracing the rocky path to becoming Cardiff University's first female law professor, the author shows how her distinctive academic research led to different approaches to teaching criminal law as well as contributing to key reforms described in the book. As she asserts, I wanted to write about my rather confused political and cultural background and to relate it to my professional and personal life, to my academic writing, to my relationships, and my beliefs, my experiences of suicide and addiction in my close family. A frank and revealing account which distils the essence of women's career challenges and highlights the issues women continue to face.

Review: Beautifully written and searingly honest, a rare resource, emotionally articulate and deeply considered.

Making Respectable Women Mary Evans, 2020-12-16 This book studies the ways in which the assessment of being or not being respectable has been applied to women in the UK in the past one hundred and fifty years. Mary Evans shows how the term respectable has changed and how most importantly the basis of the ways in which the respectability of women has been judged has shifted from a location in women's personal domestic and sexual behaviour to that of how women engage in contemporary forms of citizenship, not the least of which is paid work. This shift has important social and political implications that have seldom been explored; amongst these are the growing marginalisation of the validation of the traditional care work of women, the assumption that paid work is implicitly and inevitably empowering, and the complex ways in which respectability and conformity to highly sexualised conventions about female appearance have been normalised. *Making Respectable Women* makes use of archive material to show how the changing definition of a moral and social concept can have an impact on both the behaviour and the choices of individuals and the operations of institutional power. It will be of interest to students and scholars across the humanities and social sciences.

Lifestyle revolution Ben Highmore, 2023-02-21 In postwar Britain, journalists and politicians predicted that the class system would not survive a consumer culture where everyone had TVs and washing machines and where more and more people owned their own homes. They were to be proved hopelessly wrong. *Lifestyle revolution* charts how class culture

rather than being destroyed by mass consumption was remade from flat pack furniture Mediterranean cuisine and lifestyle magazines Novelists cartoonists and playwrights satirised the tastes of the emerging middle classes while sociologists claimed that an entire population was suffering from status anxiety but underneath it all a new order was being constructed out of duvets quiches and mayonnaise easy chairs from Habitat white emulsion paint and ubiquitous pine kitchen tables More than just a world of symbolic goods this was an intimate environment alive with new feelings and attitudes
