Jet ,2008-01-07 The weekly source of African American political and entertainment news Responding to the Culpable State Leo Zaibert,Julian V Roberts,Jesper Ryberg,2025-02-06 This volume explores ethical aspects relating to claims for mitigation arising from culpable state action or inaction It answers the important and controversial question to what extent should the state mitigate sentencing for defendants who have been victims of state misconduct The volume explores the normative justifications for mitigation and answers many intriguing questions For example in terms of the procedural challenges should the offender have to prove a causal link between state wrongdoing or neglect and the offending Can a court take judicial notice of state induced social adversity and apply this consideration to all affected offenders Other questions relate to the implications for courts and sentencing commissions which issue guidance to courts regarding mitigation at sentencing To what extent is the offender less culpable as a result of state misconduct and what are the limits of

any resulting sentence reductions Do sentence reductions for state misconduct undermine proportionality or deprecate the seriousness of the impact on the victim of crime Should this factor be included in any sentencing guidelines or possibly even as a statutory mitigating factor Each contribution explores a distinct cross jurisdictional claim for mitigation on the basis of State negligence or misconduct towards the offender The chapters all address the appropriate response of courts at sentencing Policy Analysis Tamara Denise McRae,1999 **Racial Disparities in the Criminal Justice System** United States.
