Fender Super Sonic 60 Manual

Xiaolong Qi

Fender Super Sonic 60 Manual:

60 Years of Fender Tony Bacon, 2010-05 Fender is the most successful modern guitar maker and this revised and updated book celebrates 60 years of the company's instruments. It tells the complete year by year story of Fender's development from the early years until the present day accompanied by an unrivalled gallery of colour photographs of instruments, players and memorabilia. Leo Fender introduced the world to the solidbody electric guitar in 1950 with the instrument now known as the Telecaster. He soon added two further classics: the Precision Bass 1951 and the Stratocaster 1954. Fender's sleek adaptable guitars fuelled the pop music boom of the 60s and since that time they have been heard in the hands of virtually every guitarist of note from Buddy Holly to Kurt Cobain, from Eric Clapton to John Mayer. This book is a beautiful detailed examination of six decades of great guitars and the fine music they continue to inspire.
