Martin Davies, Jiang Lin

Grd10 November Examination 2014:

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy. The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages. Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools. The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully. The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience. **The State of the System** Paul W. Bennett, 2020-09-23

Over the last fifty years Canada's public schools have been absorbed into a modern education system that functions much like Max Weber's infamous iron cage. Crying out for democratic school level reform, the system is now a centralized bureaucratic fortress that every year becomes softer on standards for students less accessible to parents further out of touch with communities and surprisingly unresponsive to classroom teachers. Exploring the nature of the Canadian education order in all its dimensions, *The State of the System* explains how public schools came to be so bureaucratic, confronts the critical issues facing kindergarten to grade 12 public schools in all ten provinces and addresses the need for systemic reform. Going beyond a diagnosis of the stresses, strains and ills present in the system, Paul Bennett proposes a bold plan to re-engineer schools on a more human scale as the first step in truly reforming public education. In place of school consolidation and managerialism, one size fits all uniformity, limited school choice and the success for all curriculum, Bennett advocates for a new set of priorities: decentralize school governance, deprogram education ministries and school districts, listen to parents and teachers and revitalize local education democracy. Tackling the thorny issues besetting contemporary school systems in Canada, *The State of the System* issues a clarion call for more responsive, engaged and accountable public schools. **7th International Conference on University Learning and Teaching (InCULT 2014) Proceedings** Chan Yuen Fook, Gurnam Kaur Sidhu, Suthagar Narasuman, Lee Lai Fong, Shireena Basree, Abdul Rahman, 2015-12-30

Can You Hear Me Now? Celina

Caesar-Chavannes,2022-04-12 SHORTLISTED FOR THE 2021 SHAUGHNESSY COHEN PRIZE FOR POLITICAL WRITING In Can You Hear Me Now Celina Caesar Chavannes digs deep into her childhood and her life as a young Black woman entrepreneur and politician and shows us that effective and humane leaders grow as much from their mistakes and vulnerabilities as from their strengths Celina Caesar Chavannes already a breaker of boundaries as a Black woman in business got into politics because she wanted to make a bigger difference in the world But when she became the first Black person elected to represent the federal riding of Whitby Ontario she hadn t really thought about the fact that Ottawa wasn t designed for someone like her Celina soon found herself both making waves and breaking down confronting at night alone in her Ottawa apartment all the painful beauty of her childhood and her troubled early adult life She paid the price for speaking out about micro aggressions and speaking up for her community and her riding but she also felt exhilaration and empowerment As she writes This is not your typical leadership book where the person is placed in a situation and miraculously comes up with the right response for the wicked problem This is the story of me falling in love at last with who I am and finding my voice in the unlikeliest of places Both memoir and leadership book Can You Hear Me Now is a funny self aware poignant confessional and fierce look at how failing badly and screwing things up completely are truly more powerful lessons in how to conduct a life than extraordinary success They build an utter honesty with yourself and others that allows you to say things nobody else dares to say the necessary things about navigating the places that weren t built for you and holding firm to your principles And if you do that you will help build a world where inclusion is real Just as Celina is now trying to do in all her brilliance and boldness
