

Summer Reading Assignment

10th grade Honors English

Congratulations on choosing to challenge yourself by taking Honors English as sophomores! The year will be tough yet rewarding and will help you to be successful in both Advanced Placement English courses and 11th grade IB English. In order to prepare for the term, you are required to complete a summer reading assignment. Such assignments exist for AP English courses, as well as all the IB courses. In fact, most schools throughout the country require summer reading or more for honors level students, so don't just think it's Oakmont picking on you!

The Assignment: You will need to **purchase and carefully read *To Kill a Mockingbird* by Harper Lee. As you read, you must annotate the book extensively. An explanation of annotation follows as well as a sample. The annotated books will be submitted to your teacher and graded for both quantity and quality, per the directions attached.

You should also expect to complete other activities such as projects, essays and/or tests on this book when your English class starts. Your book with annotations is due the first day of class in the fall. Remember: **EVERYONE** will start this class on the first day of the FALL term. **DO NOT FORGET THE BOOK OR THE ANNOTATIONS!** If you do not complete this assignment, you may be removed from the class and/or your grade will begin with a serious deficit!

**** Used book stores sometimes have copies of the book available for very low prices. Books may also be borrowed from a library or a friend, particularly if finances are a concern. If borrowed books are used for the assignment, write the annotations on sticky notes and stick the notes on the corresponding pages in the book.**

Even if you purchase the book, most students have found the sticky notes to be preferable to writing in the margins of the book because there is more room available and the notes are easier to locate later on.

High School Summer Homework:

Successful Summer Reading Programs for All Ages Katie Fitzgerald, 2018-03-01 The summer reading program is the focal point of a children's librarian's year requiring countless hours of preparation and nearly year-round promotion. Summer reading programs for teens and adults are also offered in many communities adding to that workload and bringing together librarians from different departments to accomplish the required tasks. In a single volume *Successful Summer Reading Programs for All Ages: A Practical Guide for Librarians* provides the tools necessary to put together successful summer reading programs for each of these different age groups. Key elements include: Sample program ideas for early childhood, school age, teen, and adult readers to suit any summer reading theme; Best practices for promoting summer reading to the community; Troubleshooting for common difficulties associated with summer reading programs; Tips and tricks for using software programs to manage registration and track readers' progress. Public librarians serving children, teens, and/or adults will find everything they need to put together a successful summer reading program in this comprehensive handbook.

Summer Reading Richard L. Allington, Anne McGill-Franzen, 2018 *Sizzling Summer Reading Programs for Young Adults* Katharine L. Kan, 2006-01-02 Offers over fifty ideas to promote young adult reading including such theme programs as crime scene investigation, poetry workshops, readings combined with field trips, and cross-cultural events featuring henna tattooing and food. **Summer Reading** Hilma Wolitzer, 2008 The lives of three very different women: Lissy Snyder, a beautiful insecure newlywed and unwilling stepmother; her resentful nosey housecleaner Michelle; and Angela Graves, the bookish solitary head of a local book group, intersect over the course of a summer in the Hamptons as they find their reading choices changing their lives forever. Reprint 15,000 first printing. *Supporting Reading in Grades 6-12* Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12: A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works, Analyze structure and aesthetic features of creative works, Develop a literary-based product, and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.
