

- During any given hospital stay, patients spend most, if not all, of their time in bed.
- That means they are surrounded all day with hospital linens.
- From their gown to their sheets and blankets patients have more contact with these items than anything else in the hospital.
- Therefore it makes sense to ensure that they are properly cleaned, dried and transported to avoid cross contamination
- Adequate supply of clean linen sufficient for comfort and safety of patient and personal appearance & pleasant, neatly attired employees attending patients in fresh crisp uniform do much sell the hospital to the public
