

HOW TO WRITE A THESIS STATEMENT?

1. Brainstorm

Begin by brainstorming ideas related to your topic. This is a crucial step that helps in defining your precise opinion and blueprint of reasons.

2. Narrowdown:

Based on your brainstorming, narrow down your focus to a specific aspect of your topic.

3. Write a working thesis statement:

Craft a working thesis statement based on your narrowed-down focus. This statement doesn't need to be perfect yet, but it should serve as a guide for your research or writing process.

4. Refine

As your research progresses, refine your thesis statement. Make sure it clearly communicates your argument and the main points that support it.

5. Review and Revise:

Once your essay or research paper is complete, revisit your thesis statement. Ensure it still aligns with the arguments you presented in your paper.
