Guide to Reprints, 2008 **Judas Iscariot: Damned or Redeemed** Carol A. Hebron, 2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts Carol A Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism Hebron reveals two distinct theologies rejection and acceptance The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film Rehabilitating the

Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process

politics In addressing this problem the study reaches beyond the idioms of Habermas and Derrida and considers care from a number of divergent vantage points including feminist theory ecological ethics the recognition theory of Axel Honneth and the perspectives of Frankfurt School writers such as Max Horkheimer and Theodor Adorno In its concluding chapter the book offers an innovative reconstruction of Habermas's discourse ethical model which affirms the latter's overarching commitment to the tradition of moral universalism even as it accords due weight to the contravening standpoint of Derrida and kindred exponents of the ethics of care This book will be of interest to students and scholars of contemporary moral and ethical philosophy especially those concerned with the work of Habermas and Derrida both as individual thinkers and as philosophical interlocutors

How to Do Things with Books in Victorian Britain Leah Price, 2013-10-27 *How to Do Things with Books in Victorian Britain* asks how our culture came to frown on using books for any purpose other than reading When did the coffee table book become an object of scorn Why did law courts forbid witnesses to kiss the Bible What made Victorian cartoonists mock commuters who hid behind the newspaper ladies who matched their books binding to their dress and servants who reduced newspapers to fish n chips wrap Shedding new light on novels by Thackeray Dickens the Brontës Trollope and Collins as well as the urban sociology of Henry Mayhew Leah Price also uncovers the lives and afterlives of anonymous religious tracts and household manuals From knickknacks to wastepaper books mattered to the Victorians in ways that cannot be explained by their printed content alone And whether displayed defaced exchanged or discarded printed matter participated and still participates in a range of transactions that stretches far beyond reading Supplementing close readings with a sensitive reconstruction of how Victorians thought and felt about books Price offers a new model for integrating literary theory with cultural history *How to Do Things with Books in Victorian Britain* reshapes our understanding of the interplay between words and objects in the nineteenth century and beyond
