turns to a trio of his own ancestors to see what memory and the selective plundering of history has made of the truth in

Northern Ireland The name Lundy is synonymous with traitor in Ulster Derek Lundy's first ancestral subject was the Protestant governor of Derry in 1688 just before it came under siege by the Catholic Irish army of James II For reasons that remain ambiguous Robert ordered the gates of the city opened in surrender Protestant hard liners staged a coup de ville and drove him away in disgrace a traitor to the cause But Robert is more memorable for his peace seeking moderation than for the treachery the standard history attributes to him William Steel Dickson's legacy is a little different a Presbyterian minister born in the late 18th century he preached with famous eloquence in favour of using whatever means necessary to resist the tyranny of the English including joining forces with the Catholics in armed rebellion Finally there is Billy Lundy born in 1890 the antithesis of the ecumenical William and the embodiment of what the Ulster Protestants had become by the beginning of World War I a tribe united in their hostility to Catholics and to the project of an independent Ireland The lives of Robert Lundy William Steel Dickson and Billy Lundy encapsulate many themes in the Ulster past In telling their stories Derek Lundy lays bare the harsh and murderous mythologies of Northern Ireland and gives us a revision of its history that seems particularly relevant in today's world Excerpt from The Bloody Red Hand The other thing I remember is the look the young man gave me after he had taken the cash put his pistol away and was standing with his hands in his jacket pockets It wasn't the expression of someone who was thinking of shooting me too I never had that feeling But the way he looked at me was so familiar wary and calculating Many people in Belfast had stared in the same way since I'd arrived for a visit For a long time I couldn't understand what it meant Eventually I knew They were trying to decide what foot I kicked with what religion I was There were supposed ways to tell subtle indicators Was I someone they should fear Or was I one of them That was what the armed robber was doing too He had just shot a man who knew him by his first name But he was looking at me the stranger and trying to figure out whether I was a Pro or a Taig
