## Landforms

Once upon a time, in a land far, far away, there were magical landforms that held great power and beauty. These landforms were created by the forces of nature over thousands of years, shaping the earth in incredible ways.

Mountains were towering giants, standing tall and proud, reaching towards the sky. Their peaks were covered in sparkling snow, and their slopes were covered in lush green forests. Rivers flowed down their sides, carving deep valleys and creating breathtaking waterfalls.
