Professional Communication Stephanie Schnurr, 2024-08-19 Routledge Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in applied linguistics primarily designed for those beginning postgraduate studies or taking an introductory MA course as well as for advanced undergraduates Titles in the series are also ideal for language professionals returning to academic study The books take an innovative practice to theory approach with a back to front structure This leads the reader from real world problems and issues through a discussion of intervention and how to engage with these concerns before finally relating these practical issues to theoretical foundations Additional features include tasks with commentaries a glossary of key terms and an annotated further reading section Exploring

Professional Communication provides an accessible overview of the vast field of communication in professional contexts from an applied linguistics perspective. It explores the nature of professional communication by discussing various fundamental topics relevant for an understanding of this area. The book is divided into eight chapters each dealing with a specific area of professional communication such as genres of professional communication, identities in the workplace and key issues of gender, leadership and culture. Although the book's main approach to professional communication is an applied linguistics one, it also draws on insights from a range of other disciplines. This second edition has been substantially revised and updated and includes coverage of the most recent developments in the area. New topics include Remote and virtual communication as well as technology assisted communication, The impact of the pandemic on professional communication, Gender in professional communication, post metoo, Intersectional issues. A new chapter on researching professional communication. Throughout, Stephanie Schnurr takes an interactive approach that is reflected in the numerous examples of authentic discourse data from a variety of written, spoken and multimodal contexts. Exploring Professional Communication is critical reading for postgraduate and upper undergraduate students of applied linguistics and communication studies.

Leadership and Collaboration in Workplace Discourse Małgorzata Chałupnik, 2024-05-31. This book presents a comprehensive examination of how leadership and collaboration are discursively performed in professional communication using real world data from a UK public sector IT team. Taking an auto ethnographic approach to workplace talk, the author examines the language involved in the performance of different team based professional roles, examining how professional identity and relationships are indexed through casual face to face talk in an office environment. This investigation of how a group of people come together in an effort to achieve shared workplace goals relates to key debates in the area of professional communication, putting forward new theoretical and methodological frameworks for understanding and analysing how person orientated aspects of professional communication shape discourses of work. This book appeals to a wide and interdisciplinary audience including advanced undergraduate and postgraduate students, academics and researchers specialising in applied linguistics broadly and professional communication in particular as well as consultants and practitioners working across a wide range of professional sectors.

Language and Masculinities Tommaso M. Milani, 2014-12-05 This volume showcases cutting edge research in the linguistic and discursive study of masculinities comprising the first significant edited collection on language and masculinities since Johnson and Meinhof's 1997 volume Overall the chapters are linked together by a critical analytical perspective that seeks to understand the relationships between discourse masculinities and power Whereas some of the chapters offer detailed linguistically informed critiques of the ways in which old and new expressions of masculinities are complicit in the reproduction of men's hegemonic positions of power others provide a more complex picture one in which collusion and subversion go hand in hand Contributions argue for the need for research on language and masculinities to expand its remit so as to engage with gay masculinities and unsettle gendered categories in order to consider the ways in which women transgender and intersex individuals also perform a variety of masculinities Finally unlike Johnson and Meinhof's 1997 collection this volume not only offers a wider and perhaps queerer perspective on the study of language and masculinities but also covers a broader geographical and socio cultural spectrum including work on Brazil Israel New Zealand Singapore and South Africa

Challenges of Anglophone Language(s), Literatures and Cultures Alena Kačmárová, 2017-01-06 This book explores scholarly challenges within the fields of Anglophone language literature and culture The section focusing on language details issues falling within two areas namely language contact and the language culture relationship and stylistic and syntactic perspectives on the English language The literature part investigates twentieth century American English and Australian literature dealing with both poetry and prose and discussing topics of identity gender metafiction postmodern conditions and other relevant theoretical issues in contemporary literature The culture part treats theoretical approaches in cultural studies that are vital in today's cultural context especially in Central European universities the Irish language and culture and contemporary cultural phenomena inspired by the growing ubiquity of technological intrusions into various fields of cultural production

Shifting Visions Allyson Jule, 2015-02-05 This collection of studies explores recent research in the area of gender and language use experienced around the world Featuring an interdisciplinary and global approach the contributors demonstrate how focus on gender and language creates the lived experience The studies in this book use gender and language to analyze a broad range of topics including religion politics education and sexuality Contributions include the use of language of a new female bishop in Canada heteronormativity in language use in Croatia women's magazines in Japan and the electoral code in Cameroon Using critical feminist discourse analysis the chapters represent scholarship from Britain Europe North America Asia and Africa Readers in applied linguistics sociology women's studies and education who are interested in language and its power in creating the lived experience will find this book full of intriguing and illuminating connections

Racing Translingualism in Composition Tom Do, Karen Rowan, 2022-09-15 *Racing Translingualism* provides both theoretical and pedagogical reconsiderations of the translingual

approach to language diversity by addressing the intersections of race and translingualism This collection extends the disciplinary conversations about translingualism by foregrounding the role race and racism play in the construction and maintenance of language differences In doing so the contributors examine the co naturalization of race and language in order to theorize a race conscious translingual praxis The book begins by offering generative critiques of translingualism centering on the ways in which the approach s democratic orientation to language avoids issues of race language and power and appeals to colorblind racist tropes of equal opportunity Following these critiques contributors demonstrate the important intersections of race and translingualism by drawing upon voices typically marginalized by monolingual language ideologies and pedagogies Finally *Racing Translingualism* concludes by attending to the pedagogical implications of a race conscious translingual praxis in writing and literacy education Making the case for race conscious rather than colorblind theories and pedagogies *Racing Translingualism* offers a unique take on how translingualism is theorized and practiced and moves the field forward through its direct consideration of the links between language race and racism Contributors Lindsey Albracht Steven Alvarez Bethany Davila Tom Do Jaclyn Hilberg Bruce Horner Aja Martinez Esther Milu Stephanie Mosher Yasmine Romero Karen Rowan Rachael Shapiro Shawanda Stewart Brian Stone Victor Villanueva Missy Watson *Debating Social Problems* Leonard A. Steverson, Jennifer E. Melvin, 2018-09-03 *Debating Social Problems* emphasizes the process of debate as a means of addressing social problems and helps students engage in active learning The debate format covers sensitive material in a way that encourages students to talk about this material openly in class This succinct text includes activities that promote critical thinking and includes examples from current events **Language, Culture, and Society** James Stanlaw, Nobuko Adachi, 2025-03-31 Why should we study language How do the ways in which we communicate define our identities And how is this all changing in the digital world Over seven editions many have turned to *Language Culture and Society* for answers to questions like these because of its comprehensive coverage of all critical aspects of linguistic anthropology This eighth edition carries on the legacy while addressing some of the newer pressing and exciting challenges of the twenty first century such as issues of language and power language ideology linguistic diasporas as well as online and digital ecosystems New to this edition are a reconceptualization of how linguistics approaches race gender and sexuality with additional chapters and sections on how linguistics benefits archaeology and biological anthropology as well as considerations of the relationship between language and truth ethics and war and politics It also features enhanced and updated pedagogical features such as learning objectives updated resources for continued learning and cross references to updated encyclopedias of linguistic anthropology **Language, Culture, and Society** Zdenek Salzmänn, James Stanlaw, Nobuko Adachi, 2014-07-08 Why should we study language How do the ways in which we communicate define our identities And how is this all changing in the digital world Since 1993 many have turned to *Language Culture and Society* for answers to questions like those above because of its comprehensive coverage of all critical aspects of linguistic anthropology

This seventh edition carries on the legacy while addressing some of the newer pressing and exciting challenges of the 21st century such as issues of language and power language ideology and linguistic diasporas Chapters on gender race and class also examine how language helps create and is created by identity New to this edition are enhanced and updated pedagogical features such as learning objectives updated resources for continued learning and the inclusion of a glossary There is also an expanded discussion of communication online and of social media outlets and how that universe is changing how we interact The discussion on race and ethnicity has also been expanded to include Latin and Asian American English vernacular

A Feminist Reading of China's Digital Public Sphere Altman Yuzhu Peng, 2020-10-20 This book makes an original contribution to the field of feminist cultural studies through an analysis of the gender politics axis established in China's digital public sphere While a growing body of literature in contemporary feminist cultural studies has turned attention to the Chinese environment scholarship remains limited in exploring the intersection of gender and politics in the context of Chinese digital cultures This book addresses this timely topic It will appeal to both scholars and students interested in exploring the complex dynamic interplay between digital cultures public expressions as well as representations and perceptions of gender reflected in Chinese Internet users everyday communicative practice from a feminist media studies perspective
