makers and practitioners interested in emerging business and management practices in Asia *Handbook of Research on Digitalization Solutions for Social and Economic Needs* Pettinger, Richard, Gupta, Brij B., Roja, Alexandru, Cozmiuc, Diana, 2023-02-27 Digital solutions are sufficiently versatile and agile to shape business processes and enterprise architecture answer the COVID 19 crisis solve climate change temper political conflict generate new employment operating models and solve health issues These solutions benefit businesses as an integral part of the economy and society and therefore must be studied further to ensure they are utilized appropriately The Handbook of Research on Digitalization Solutions for Social and Economic Needs introduces the agile operating model that has triggered digital transformation and the plethora of ways it has become of practical use recently The book also argues the business rationale of digitalization Covering key topics such as innovation sustainability and business transformation this major reference work is ideal for business owners managers computer scientists industry professionals researchers scholars academicians librarians policymakers practitioners educators and students *The Structure of Fair Solutions* Özgün Elçi, John Hooker, Peter Zhang, 2025-07-10 This book provides a novel and unifying perspective on the structural properties of fair solutions in optimization formulations The book also addresses a growing interest in incorporating fairness into the models that lie behind many business and public policy decisions Since there are several ways to formulate fairness mathematically the authors characterize optimal solutions that result from different formulations with the aim of informing the choice of an appropriate model for a given application The focus is on fairness criteria that combine efficiency with fairness since typically both are important in practice Most of these results are new and do not appear in the current literature The book is directed towards a wide range of audiences including practitioners researchers in mathematical optimization and welfare economists In addition this book Presents practical linear nonlinear or mixed integer programming formulations and a wide variety of fairness models Includes detailed proofs that provide insight into the properties of each criterion Provides guidelines for selecting a fairness model and the tendency to incentivize cooperation or competition About the Authors zg n El i Ph D is a Research Scientist on the Modeling and Optimization team at Amazon John Hooker Ph D is University Professor of Operations Research and T Jerome Holleran Professor of Business Ethics and Social Responsibility Emeritus at Carnegie Mellon University Peter Zhang Ph D is an Assistant Professor at Carnegie Mellon University s Heinz College of Information Systems and Public Policy **The World Bank Group A to Z 2016** World Bank Group, 2015-10-02 The World Bank Group A to Z provides the most concise and essential information about the mission policies procedures products and services of the new World Bank Group This second edition is a follow up to the first volume released for the 2014 Annual Meetings The World Bank Group A to Z series builds on previous editions of A Guide to the World Bank to include features not found in its predecessors including a graphical introduction to the World Bank Group highlighting the Bank Group s goals financials regions and results examples and photos of Bank Group projects and programs and tools to guide you to the information you

are looking for even if you don't know exactly what that is. It also reflects the wide-ranging reforms that have taken place within the World Bank Group in recent years including the launch of the new World Bank Group Strategy, new approaches to development, the establishment of new Global Practice Groups and Cross-Cutting Solutions Areas, and the goal of becoming a Solutions Bank, one that will marshal the vast reserves of evidence and experiential knowledge across the five World Bank Group agencies and apply them to local problems. With more than 280 entries arranged in encyclopedic A to Z format, readers can easily find up-to-date information about the five agencies of the World Bank Group and the wide range of areas in which they work, from agriculture, education, energy, health, social protection, and labor to gender, jobs, conflict, private sector, development, trade, water, and climate change. The World Bank Group's work in all of these areas now focuses on two new twin goals: eliminating extreme poverty by 2030 and boosting shared prosperity of the poorest 40 percent in every developing country.
