**Epistle to White Christians** Fred D. Wentzel, 1948      The Epistles for All Christians David Smith, 2020-09-25 In *The Epistles for All Christians* David Smith argues that epistolary literature offers analogous evidence of circulation to the Gospels Since Richard Bauckham's edited volume *The Gospels for All Christians* was published in 1998 debate over the validity of the contributors' claims that the Gospels were written for all Christians has revolved around interpretation Smith brings circulation to bear on the conversation Studying ancient media practices of publication and circulation and using social network theory Smith makes a compelling case that if the evangelists did not expect their texts to circulate they would be atypical      *The Letters to the Thessalonians* GENE L GREEN, 2020-05-21 In this commentary Gene Green reads Paul's two letters to the Thessalonians in light of the canon of Scripture and of new knowledge about the first century world of Thessalonica This fruitful approach helps illuminate the impact of the gospel on its original readers and in turn shows how potent a force it can be for the church and society today The book begins with an in depth study of the Thessalonians themselves their history and socioeconomic conditions and religious environment This fascinating discussion gives the necessary context for fully appreciating the circumstances surrounding the founding of the city's first church and the subsequent struggles of the Thessalonian believers to live out their Christian faith The main body of the book provides informed verse by verse commentary on 1 & 2 Thessalonians that extracts the fullest possible meaning from these important New Testament texts As Green's exposition shows the Thessalonian scriptures are especially valuable as letters of friendship and for showing Paul's pastoral concern for the many areas in which the Thessalonians needed guidance Some of Paul's purposes are to thank the new believers for their steadfastness amid suffering to encourage them in their trials to urge them not to neglect their daily work and no less important to teach them about the future of believers who die before Christ returns Indeed the matter of the last things and the second coming of Christ so permeates these texts that they are often called Paul's eschatological letters Filled with new information about ancient society this commentary will fast become a standard reference work for Bible study By carefully bridging the biblical and modern worlds Green shows with clarity and warmth the continuing relevance of 1 & 2 Thessalonians for contemporary readers      Christianity and the Contest for Manhood in Late Antiquity Nathan D. Howard, 2022-11-24 In this book Nathan Howard explores gender and identity formation in fourth century Cappadocia where pro Nicene bishops used a rhetoric of contest that aligned with conventions of classical Greek masculinity Howard demonstrates that epistolary exhibitions served as a locus for asserting manhood in the fourth century These performances illustrate how a culture of orality that had defined manhood among civic elites was reframed as a contest whereby one accrued status through merits of composition Howard shows how the Cappadocians' rhetoric also reordered the body and materiality as components of a maleness over which they moderated He interrogates fourth century theological conflict as part of a rhetorical battle over claims to manhood that supported the Cappadocians

theology and cast doubt on non Trinitarian rivals whom they cast as effeminate and disingenuous Investigating accounts of pro Nicene protagonists overcoming struggles Howard establishes that tropes based on classical standards of gender contributed to the formation of Trinitarian orthodoxy **The Social Worlds of Ancient Jews and Christians** ,2022-11-21 This volume contains fifteen essays in honor of L Michael White whose work has been influential in exploring the social histories of ancient Jews and Christians within the Graeco Roman world Following an introduction that highlights some of White s main scholarly contributions the essays are grouped into three topic areas Paul and his Legacy Social Relations and Material Culture The essays are united by an interest in reconstructing the social worlds of ancient Jews and Christians through careful analysis of literary sources and material culture in their most precise ancient contexts Eerdmans Commentary on the Bible: First and Second Kings Roger Tomes,2019-06-18 This extract from the Eerdmans Commentary on the Bible provides Tomes introduction to and concise commentary on First and Second Kings The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible including the Apocrypha Reader friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars students and general readers Rather than attempt a verse by verse analysis these volumes work from larger sense units highlighting the place of each passage within the overarching biblical story Commentators focus on the genre of each text parable prophetic oracle legal code and so on interpreting within the historical and literary context The volumes also address major issues within each biblical book including the range of possible interpretations and refer readers to the best resources for further discussions The Epistle to the Hebrews, the First Apology for Christianity Alexander Balmain Bruce,1899 Eerdmans Commentary on the Bible: Deuteronomy John W.
