Gateways to Art Michelle Wells, 2023-02-03 Introduction At Pigmentti the current crisis is teaching us that a slower more thoughtful lifestyle is important We have always been proponents of craftsmanship and the preservation of centuries old methods as decorative artists It would appear that an increasing number of people are also recognizing the significance of this at the moment Craftsmanship and decorative arts are naturally slow and steady They use methods that take years to learn and perfect so the creation process cannot be rushed Because they recognize how important it is for the tools and materials they use to connect the past and present artisans and craftspeople also treat them with the utmost respect
