[Richmond](#) Thad Williamson, Julian M. Hayter, Amy L. Howard, 2024-12-02 Richmond, Virginia took center stage globally in the summer of 2020 as an epicenter of antiracist protests in the wake of the police murder of George Floyd. In a period of just a few weeks, overwhelming public support grew for removing Richmond's Confederate monuments. Activists then transformed the remaining statue of Robert E. Lee into a shrine to African American resolve to the Black Lives Matter movement and to Black victims of police brutality. Coming to terms with Richmond's tortured racial history, however, is much more difficult than toppling symbols of white supremacy. This book explores these dynamics via a multidisciplinary framework of historical research, public policy analysis, and political analysis, showing the inner dynamics of politics and governance in Richmond. The authors reveal why change and progress has often been so difficult to achieve and why that matters, with a focus on three fundamental policy areas: education, economic development, and housing. The result is a comprehensive assessment of urban governance in a major southern city in the early twenty-first century, as well as an accounting of the policy and human consequences of both its limited successes and its recurring failures.

**The Plot to Change America** Mike Gonzalez, 2022-06-14 The Plot to Change America exposes the myths that help identity politics perpetuate itself This book reveals what has really happened explains why it is urgent to change course and offers a strategy to do so Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics we should not overthink it either Identity politics relies on the creation of groups and then on giving people incentives to adhere to them If we eliminate group making and the enticements we can get rid of identity politics The first myth that this book exposes is that identity politics is a grassroots movement when from the beginning it has been and continues to be an elite project For too long we have lived with the fairy tale that America has organically grown into a nation gripped by victimhood and identitarian division that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965 Another myth we are told is that to fight these changes is as depraved as it is futile since by 2040 America will be a minority majority country anyway This book helps to explain that none of these things are necessarily true

Education Governance for the Twenty-First Century Paul Manna, Patrick McGuinn, 2013-01-03 A Brookings Institution Press with the Thomas B Fordham Institute and the Center for American Progress publication America's fragmented decentralized politicized and bureaucratic system of education governance is a major impediment to school reform In this important new book a number of leading education scholars analysts and practitioners show that understanding the impact of specific policy changes in areas such as standards testing teachers or school choice requires careful analysis of the broader governing arrangements that influence their content implementation and impact Education Governance for the Twenty First Century comprehensively assesses the strengths and weaknesses of what remains of the old in education governance scrutinizes how traditional governance forms are changing and suggests how governing arrangements might be further altered to produce better educational outcomes for children Paul Manna Patrick McGuinn and their colleagues provide the analysis and alternatives that will inform attempts to adapt nineteenth and twentieth century governance structures to the new demands and opportunities of today Contents Education Governance in America Who Leads When Everyone Is in Charge Patrick McGuinn and Paul Manna The Failures of U S Education Governance Today Chester E Finn Jr and Michael J Petrilli How Current Education Governance Distorts Financial Decisionmaking Marguerite Roza Governance Challenges to Innovators within the System Michelle R Davis Governance Challenges to Innovators outside the System Steven F Wilson Rethinking District Governance Frederick M Hess and Olivia M
