Preliminary English David Mahony, 2003      **Piercehaven Box Set** Robin Merrill,      Joycean Elements in F. Scott Fitzgerald's The Great Gatsby Barney Tanner, Bernard R. Tanner, 2007 This research monograph argues that Scott Fitzgerald consciously used a variety of Joycean devices in THE GREAT GATSBY and these devices were the result of close readings of Joyce's DUBLINERS and ULYSSES The monograph breaks new ground in Fitzgerald scholarship and has implications for Joyceans as well The author's research was first begun under the mentorship of Professor Wallace Stegner and has lasted over 35 years Tanner also benefited from a correspondence with Edmund Wilson prior to Wilson's death This study sets out to prove that Fitzgerald modeled numerous elements of GATSBY on elements found in Joyce's ULYSSES FSF imitated Joyce's use of the first letter in each of the parts of ULYSSES There Joyce alluded to two matters 1 the first names of his characters and 2 the logical steps of a syllogism Fitzgerald enriched this device He developed three parts in his novel 3 3 3 and used the first and last letters of each of his 9 chapters for two purposes to repay in a bold and playful way his debt to Joyce and to honor Ernest Renan famed for his LIFE OF JESUS and a source of burlesque techniques employed in Gatsby This is just one example of a number of research issues raised by Tanner a number new to Fitzgerald scholarship Other chapters deal with FSF imitation of Joyce's Araby in Fitzgerald's story Absolution a precursor to Gatsby sources for Christian allusions and direct allusions to ULYSSES the shadowing and doubling of characters patterns of imagery and numeracy in topics and theme The work contains two appendices including a significant comparison of Trimalchio and THE GREAT GATSBY      *The Double-edged Sword* Zoltán Simon, 2003 This examination of American novels from 1900 to 1940 traces the literary treatment of the technological sublime a simultaneous awe and fear of technology The American technological sublime is a construct that can be useful in understanding the often conflicted and ambivalent reactions of enthusiasm and anxiety exaltation and depression associated with the patterns of development experienced in the US in this transitory period The first four decades of the 20th century saw the culmination of the technological sublime in America the loss of the innocently one-sided enthusiasm and technological republicanism of the 19th century to a fragmented often paranoiac and largely pessimistic vision of technology that became dominant of the literature after World War II After an evaluation of earlier scholarship on the American technological sublime the study examines four important decades in the development of the American technological sublime and some of the literary responses to it      *Literature and Language Teaching* Gillian Lazar, 1993-01-28 Literature and Language Teaching is for teachers and trainers who want to incorporate literature into the language classroom The book can be used as a resource by trainers working with groups of teachers by teacher development groups or by teachers working on their own Literature and Language Teaching contains tasks and activities which encourage reflection on some of the issues and debates involved in using literature in the language classroom explore different approaches to using literature with teenage and adult learners at all levels suggest criteria for selecting and evaluating materials for classroom use identify some of the distinctive features of novels short stories poems and plays so that these can

be successfully exploited in the classroom provide a wide range of practical ideas and activities for developing materials which teachers can use with their own learners encourage the observation and assessment of lessons using literacy texts draw on literary texts in English by a variety of authors from all over the world Each section of the book is designed to be self contained so that users of the book can select what is most relevant to their purpose A key to the tasks and activities is provided as well as guidelines for teacher trainers which suggest different ways of using the activities in the book as part of a training programme
