L'affaire des poisons Jean-Christian Petitfils, 1977 **L'affaire des poisons** Victorien Sardou, 1908 **Les grandes criminelles de l'Histoire** Marc Lefrançois, 2023-09-27 De l'affaire des poisons La Brinvilliers celle de Marie Besnard en passant par l'empoisonneuse des Chartrons Henriette Blanche Canaby l'ogresse de la Goutte d'or Jeanne Weber et l'anarchiste Germaine Bertin 16 affaires composent ce recueil 16 criminelles qui quelques exceptions près usent du poison pour donner la mort Ressort en filigrane de ces drames personnels le rôle des pharmaciens les limites de la médecine les enquêtes policières sans oublier le traitement de ces affaires fait par la justice et la presse Miroir de leur temps chaque affaire interroge les mœurs d'une époque et la place des femmes dans un monde où la mort était parfois perçue comme seule issue

Madame de Montespan et l'affaire des poisons Georges Mongrédien, 1973-01-01 T00:00:00+01:00 Cet ouvrage est une réédition numérique d'un livre paru au XXe siècle désormais indisponible dans son format d'origine **Une ombre sur le roi Soleil - L'affaire des Poisons** Claude Quétel, 2007-06-13 Une plongée dans les recoins les plus sombres de la cour de Louis XIV la découverte d'une série de complots et de pratiques occultes qui vont toucher de très près la personne même du roi travers ses familiers et courtisans Quand La Reynie lieutenant général de la police de Paris fait arrêter la marquise de Brinvilliers il est loin d'imaginer où il met les pieds Les révélations de cette dernière finalement brisées le 17 juillet 1676 pour empoisonnement plongent la monarchie dans une de ses périodes les plus sombres Alors que les arrestations se multiplient dont celle de La Voisin personnage clé de l'affaire les policiers remontent jusqu'à la cour et mettent au jour des pratiques de sorcellerie qui touchent toutes les populations y compris des proches de Louis XIV et risquent d'atteindre la personne du roi De simple fait divers les Poisons vont pendant plus de six ans prendre des allures d'affaire d'État *The Theatre*, 1908

Le Theatre, 1908, **Criminal Poisoning** John H. Trestrail, III, John Harris Trestrail, 2007-04-30 In this revised and expanded edition leading forensic scientist John Trestrail offers a pioneering survey of all that is known about the use of poison as a weapon in murder Topics range from the use of poisons in history and literature to convicting the poisoner in court and include a review of the different types of poisons techniques for crime scene investigation and the critical essentials of the forensic autopsy The author updates what is currently known about poisoners in general and their victims

The Appendix has been updated to include the more commonly used poisons as well as the use of antifreeze as a poison

The Poison Plot Elaine Forman Crane, 2018-05-15 An accusation of attempted murder rudely interrupted Mary Arnold's dalliances with working men and her extensive shopping sprees When her husband Benedict fell deathly ill and then asserted she had tried to kill him with poison the result was a dramatic petition for divorce The case before the Rhode Island General Assembly and its tumultuous aftermath during which Benedict died made Mary a cause célèbre in Newport through the winter of 1738 and 1739 Elaine Forman Crane invites readers into the salacious domestic life of Mary and Benedict Arnold and reveals the seamy side of colonial Newport The surprise of *The Poison Plot* however is not the outrageous acts of Mary or the peculiar fact that attempted murder was not a convictable offense in Rhode Island As Crane shows with style Mary's case was remarkable precisely because adultery criminality and theft and even spousal homicide were well known in the New England colonies Assumptions of Puritan propriety are overturned by the facts of rough and tumble life in a port city money was to be made pleasure was to be had and if marriage became an obstacle to those pursuits a woman had means to set things right *The Poison Plot* is an intimate drama constructed from historical documents and informed by Crane's deep knowledge of elite and common life in Newport Her keen eye for telling details and her sense of story bring Mary Benedict and a host of other characters including her partner in adultery Walter Motley and John Tweedy the apothecary who sold Mary toxic drugs to life in the homes streets and shops of the port city The result is a vivid tale that will change minds about life in supposedly prim and proper New England

Strange Revelations Lynn Wood Mollenauer, 2007-01-01 The Affair of the Poisons was the greatest court scandal of the seventeenth century From 1679 to 1682 the French crown investigated more than 400 people including Louis XIV's official mistress and members of the highest ranking circles at court for sensational crimes In Strange Revelations Lynn Mollenauer brings this bizarre story to life exposing a criminal magical underworld thriving in the heart of the Sun King's capital The macabre details of the Affair of the Poisons read like a gothic novel In the fall of 1678 Nicolas de la Reynie head of the Paris police uncovered a plot to poison Louis XIV La Reynie's subsequent investigation unveiled a loosely knit community of sorceresses magicians and renegade priests who offered for sale an array of services and products ranging from abortions to love magic to poisons known as inheritance powders It was the inheritance powders usually made from powdered toads steeped in arsenic that lent the Affair of the Poisons its name The purchasers of the powders gave the affair its notoriety for the scandal extended into the most exalted ranks of the French court Mollenauer adroitly uses the Affair of the Poisons to uncover the hidden forms of power that men and women of all social classes invoked to achieve their goals While the exercise of state power during the ancien régime was quintessentially visibly ritually displayed through public ceremonies the affair exposes the simultaneous presence of other imagined and real sources of power available to the Sun King's subjects magic poison and the manipulation of sexual passions Highly entertaining yet deeply researched Strange Revelations will appeal to anyone interested in the history of court society gender magic or crime in early modern Europe
